The Buffet:

Food Heritage and Nationalism in Europe Ilaria Porciani, 2019-11-07 *Food Heritage and Nationalism in Europe* contends that food is a fundamental element of heritage and a particularly important one in times of crisis. Arguing that food taste, cuisine and gastronomy are crucial markers of identity that are inherently connected to constructions of place, tradition and the past, the book demonstrates how they play a role in intangible as well as tangible heritage. Featuring contributions from experts working across Europe and beyond and adopting a strong historical and transnational perspective, the book examines the various ways in which food can be understood and used as heritage. Including explorations of imperial spaces, migrations and diasporas, the role of commercialisation processes and institutional practices within political and cultural domains, this volume considers all aspects of this complex issue. Arguing that the various European cuisines are the result of exchanges, hybridities and complex historical processes, Porciani and the chapter authors offer up a new way of deconstructing banal nationalism and of moving away from the idea of static identities. Suggesting a new and different approach to the idea of so-called national cuisines, *Food Heritage and Nationalism in Europe* will be a compelling read for academic audiences in museum and heritage studies, cultural and food studies, anthropology and history. Chapters 1, 2, 4, 6 and 12 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license.

Living the Food-Allergic Life Mark S. Ferrara, 2023-05-29 If you had an allergy so severe that accidentally eating a forbidden food could kill you in minutes, how would it change your life and your relationship to food? For people with food-induced anaphylaxis, the severest form of allergic response, simply eating in restaurants, accepting invitations to dinner, going on overnight field trips or traveling through foreign countries means facing one's mortality with every meal. In this book, Mark S. Ferrara weaves history, science and psychology to recount the story of his struggles with allergic asthma and a life-threatening allergy to nuts and his difficulties living and working in the Far East and Near East to show how the quest for self-actualization can lead to an acceptance of transience that borders on the mystical. Along the way, he guides parents in keeping food-allergic children safe at home and at school and offers strategies that adolescents and adults may use to negotiate social spaces involving food. He explains how survivors of anaphylaxis can cope with the sometimes irrational fears of food that follow that traumatic experience so they may live happy, healthy, meaningful lives.

Anarchy in the Kitchen Auguste Knuckles, 2021-04-22 *Anarchy in the Kitchen* is a book I intended to write. I didn't walk into a lamp post one morning and think, "fuck me, I need to write a book." My culinary journey spanning three decades was always going to be written. The carnage, the chaos, a chef with no filter, an anarchist in the kitchen, an enigma in yesterday's culinary world. A psychedelic, hedonistic, vicious, emotional and passionate journey. Incomprehensible, unpredictable. Auguste Knuckles takes the reader on a demolition derby covering numerous avenues of the hospitality industry. A blinding and destructive obsession for his craft. A victim of child abuse and neglect from a young age. Knuckles

struggles with drug and alcohol addiction Powerless to escape the noxious scuttlebutt Knuckles strives to move forward to achieve his career goal Executive head chef within a prestigious 5 hotel with Michelin star status Suffering with CPTSD suicidal thoughts OCD and a tsunami of professional issues After three decades as a chef Knuckles throws in the towel Even after being announced as the next heavy weight champion of the world by George Foreman it s time to walk away from an obsessive and destructive love affair with the kitchen
