The Bunker Papers Reports To The President From Vietnam 1967-1973 Volume :

Ending the Vietnam War Cheng Guan Ang, 2005-06-28 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes This book based on extensive original research including Vietnamese Chinese and former Soviet sources tells the story of the war from the Tet offensive in 1968 up to the reunification of Vietnam in April 1975 Overall it provides an important corrective to the predominantly US centric narratives of the war by placing the Vietnamese communists centre stage in the story It is a sequel to the author's Routledge Curzon book *The Vietnam War From the Other Side* which covers the period 1962-68 **Why Allies Rebel** Barbara Elias, 2020-07-02 Why do powerful intervening militaries have such difficulty managing comparatively weak local partners in counterinsurgency wars Set within the context of costly large scale military interventions such as the US war in Afghanistan this book explains the conditions by which local allies comply with or defy the policy demands of larger security partners Analysing nine large scale post colonial counterinsurgency interventions including Vietnam Afghanistan Iraq Sri Lanka Yemen Lebanon Cambodia and Angola this book utilizes thousands of primary source documents to identify and examine over 450 policy requests proposed by intervening forces to local allies By dissecting these problematic partnerships this book exposes a critical political dynamic in military interventions It will appeal to academics and policymakers addressing counterinsurgency issues in foreign policy security studies and political science The Bunker Papers Ellsworth Bunker, 1990 The Theory and Practice of Associative Power Stephen B. Young, 2017-06-19 To succeed in achieving its national security objectives the United States needs to use Associative Power in place of both Hard Power and Soft Power Associative Power is the use of joint ventures and alliances to optimize the forms of power brought to bear in conflicts responding with precision to a spectrum of enemy threats situational challenges and political opportunities Associative Power was wisely and successfully used by the United States in the Vietnam War through the CORDS program of counter insurgency and village development to defeat the Viet Cong insurgency and permit the withdrawal of American combat forces Associative power was not used by the United States nor was the best counter insurgency practices of CORDS in the Iraq and Afghanistan conflicts As a result of this omission interim outcomes in Iraq and Afghanistan did not acceptably accomplish American objectives Vietnam, July 1970-January 1972 United States. Department of State, 2011-01-06 Structure and scope This volume is part of a subseries of volumes of the Foreign Relations series that documents the most important issues in the foreign policy of Presidents Richard M Nixon and Gerald R Ford This volume documents U S policy towards the war in Vietnam Laos and Cambodia from July 1970 to January 1972 Preface Pacification Richard A Hunt, 2018-02-05 During the Vietnam War the United States embarked on an unusual crusade on behalf of the government of South Vietnam Known as the pacification program it sought to help South Vietnam's government take root and survive as an independent legitimate entity by defeating communist insurgents and promoting economic development and political reforms

In this book Richard Hunt provides the first comprehensive history of America's battle for hearts and minds the distinctive blending of military and political approaches that took aim at the essence of the struggle between North and South Vietnam Hunt concentrates on the American role setting pacification in the larger political context of nation building He describes the search for the best combination of military and political action incorporating analysis of the controversial Phoenix program and illuminates the difficulties the Americans encountered with their sometimes reluctant ally The author explains how hard it was to get the U S Army involved in pacification and shows the struggle to yoke divergent organizations military civilian and intelligence agencies to serve one common goal The greatest challenge of all was to persuade a surrogate the Saigon government to carry out programs and to make reforms conceived of by American officials The book concludes with a careful assessment of pacification's successes and failures Would the Saigon government have flourished if there had been more time to consolidate the gains of pacification Or was the regime so fundamentally flawed that its demise was preordained by its internal contradictions This pathbreaking book offers startling and provocative answers to these and other important questions about our Vietnam experience **Indochina Chronology**, 1992

The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today's world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO **A Guide to the Collection of the Asian Library** Ramon Magsaysay Award Foundation.
