inherited from his university days when he had first read the Anabasis and the Memorabilia and had lost interest in it at the point where Xenophon's historic march led the Ten Thousand back to the sea. However the fact remains that Vance's translation of Menander was rudely interrupted in early April and for weeks he became absorbed in a criminal mystery which threw the entire country into a state of gruesome excitement. This new criminal investigation in which he acted as a kind of amicus curi for John F. X. Markham the District Attorney of New York at once became known as the Bishop murder case. The designation the result of our journalistic instinct to attach labels to every cause célèbre was in a sense a misnomer. There was nothing ecclesiastical about that ghoulish saturnalia of crime which set an entire community to reading the Mother Goose Melodies with fearful apprehension and no one of the name of Bishop was as far as I know even remotely connected with the monstrous events which bore that appellation. But withal the word Bishop was appropriate for it was an alias used by the murderer for the grimmest of purposes. Incidentally it was this name that eventually led Vance to the almost incredible truth and ended one of the most ghastly multiple crimes in police history. The series of uncanny and apparently unrelated events which constituted the Bishop murder case and drove all thought of Menander and Greek monostichs from Vance's mind began on the morning of April 2 less than five months after the double shooting of Julia and Ada Greene. It was one of those warm luxurious spring days which sometimes bless New York in early April and Vance was breakfasting in his little roof garden atop his apartment in East 38th Street. It was nearly noon for Vance worked or read until all hours and was a late riser and the sun beating down from a clear blue sky cast a mantle of introspective lethargy over the city. Vance sprawled in an easy chair his breakfast on a low table beside him gazing with cynical regretful eyes down at the treetops in the rear yard. I knew what was in his mind. It was his custom each spring to go to France and it had long since come to him to think as it came to George Moore that Paris and May were one. But the great trek of the post war American nouveaux riches to Paris had spoiled his pleasure in this annual pilgrimage and only the day before he had informed me that we were to remain in New York for the summer. For years I had been Vance's friend and legal adviser a kind of monetary steward and agent companion. I had quitted my father's law firm of Van Dine Davis Van Dine to devote myself wholly to his interests a post I found far more congenial than that of general attorney in a stuffy office and though

When Joseph Cochrane Robin is found murdered in New York's upper west side accompanied by a note quoting the nursery rhyme Who Killed Cock Robin Philo Vance is called in by District Attorney Markham to help the police track down the murderer. But can Vance solve this complex case before Mother Goose claims any more victims? American art critic Willard Huntington Wright under the pseudonym of Dine when he wrote detective novels was an important figure in avant garde cultural circles in pre WWI New York and under the pseudonym which he originally used to conceal his identity he created the once immensely popular fictional detective Philo Vance a sleuth and aesthete who first appeared in books in the 1920s then in movies and on the radio. *The Bishop Murder Case* S. **The Bishop Murder Case** S. S. Van Dine (pseud. [i.e. Willard Huntington Wright.]), 1929 *The Bishop Murder Case Improved, Don't Y'know* Reginald Martynique, Reginald Martynique Esq., S. S. Van Dine, 2021-03-15 A Philo Vance Story wealthy art connoisseur amateur detective and good friend of New York City's district attorney. A malicious serial killer is at work tying the crimes to Nursery Rhymes when notifying the press and signing as The BISHOP. From the editor's introduction to this edition *The Bishop Murder Case* was first published in 1928 and the movie of the same title was released in 1930. This makes the fourth of Mr Van Dine's Philo Vance stories that he has graciously given me permission to annotate for those readers without a classical education. I continue to translate the less familiar words in his massive multilingual vocabulary within brackets as well as adding footnotes where a longer explanation seemed appropriate. Mild profanity was changed or removed in keeping with my own convictions. Mr Van Dine's penchant for hyphens em dashes and the ellipsis has been a mild case of contention between us. I have saved the printers massive quantities of ink by deleting most of his hyphens although I have actually added a very few myself. However I have tended to leave his em dashes and ellipses untouched as they form part of his unique style. Reginald Martynique Esq 12 point Times New Roman font
