The Blessing:

The Blessing of Waters and Epiphany Nicholas E. Denysenko, 2016-03-23 This book examines the historical development of the blessing of waters and its theology in the East with an emphasis on the Byzantine tradition Exploring how Eastern Christians have sought these waters as a source of healing purification and communion with God Denysenko unpacks their euchology and ritual context The history and theology of the blessing of waters on Epiphany is informative for contemporary theologians historians pastors and students Offering important insights into how Christians renew Baptism in receiving the blessed waters this book also proposes new perspectives for theologizing Christian stewardship of ecology in the modern era based on a patristic liturgical synthesis Denysenko presents an alternative framework for understanding the activity of the Trinity enabling readers to encounter a vision of how participants encounter God in and after ritual

The Blessing of Abraham, the Spirit, and Justification in Galatians Chee-Chiew Lee, 2013-08-12 What has the Spirit to do with the blessing of Abraham and justification This book challenges the common assumption that the Abrahamic blessing and the Spirit are equated in Gal 3 14 and points out how an accurate understanding of the relationship between these two motifs contributes significantly to appreciating Paul's overall argument in Galatians and his theology of justification Even though Paul does not cite Old Testament passages on the promise of the Spirit in Gal 3 14 his arguments are nonetheless deeply influenced by the whole prophetic tradition about the Spirit Most current discussions on the present and future aspects of justification have yet to consider the Spirit's role in the latter Given the renewed interest in Pauline justification this book contributes to this important aspect of the Spirit's role in future justification which needs to be developed further in Pauline and New Testament theology
