Hathaway, 2020-01-31 The Bradley Method R Student Workbook requires a 12 week course to get the information needed to fill in this workbook     *Motherhood Lost* Linda L. Layne, 2014-02-04 Nearly 20% of all pregnancies in the U.S. end in miscarriage or stillbirth. Yet pregnancy loss is seldom acknowledged and rarely discussed. Opening the topic to a thoughtful and informed discussion, Linda Layne takes a historical look at pregnancy loss in America, reproductive technologies and the cultural responses surrounding miscarriage. Examining both support groups and the rituals they create to help couples through loss, her analysis offers valuable insight on how material culture contributes to conceptions of personhood. A fascinating examination, *Motherhood Lost* is also a provocative challenge to feminists and other activists to increase awareness and provide necessary support for this often hidden but critically important topic

*Transformative Motherhood* Linda Layne, 1999-08 Our consumer culture sets exacting standards and norms for what constitutes an ideal child. The tough realities of life often create children and child bearing and rearing circumstances that are outside the ideal. How do women whose experiences don't match the norm cope and adapt? How do they make sense of it to themselves and to the world? In a rich series of ethnographic case studies, *Transformative Motherhood* intimately conveys the experiences of women in the United States who in each case have reproductive encounters that do not match up to these cultural standards. From women who choose to become surrogate, foster or adoptive mothers to others who give birth to children with disabilities or who have had a pregnancy loss, all creatively meet the challenges posed by their particular mothering experiences. It is often the language of giving and getting so prominent in a consumer culture that these women use to make sense of their situation. In the process, *Transformative Motherhood* redefines conventional understandings of motherhood, the mother-child relationship and the role of biology and the law in determining what constitutes a family. The contributors include Rayna Rapp, Helena Ragone, Judith A. Modell, Danielle Wozniak, Gail Landsman and Linda L. Layne. This text opens up multiple possibilities for reading contemporary women as responsive speaking subjects involved in reconstructing and transferring meanings without consolidating or totalizing their outcomes.
