The Mall:

THE MAN IN THE MALL PAUL BARROWS,2005-07-18 The Man in the Mall is a book that is designed to supply solutions to an age old problem that continues to go unresolved The problem being that there are a lot of women who complain about the fact their man doesn't like to shop at the mall with them or anyone else for that matter Most of the women that I spoke to came across as very annoyed and frustrated when it came to getting their man in the mall This anger was the result of year after year of trying to get him to go shopping with her resulting in her going to the mall by herself All that any of these women wanted to do was to share this outside the home activity with the man in their life What a concept This book attempts to show the highlights and lowlights of the dilemma that the shopping mall has been over the years What few highlights that the mall has had on relationships between men and women are far outweighed by the negative ones The history behind this battle goes back to the 60s when the mall experience started expanding across the country There are many things that the malls did which resulted in turning men off from shopping It is this cause and effect that we will be delving into throughout The Man in the Mall There are many parts to this amalgam that we commonly refer to as the shopping mall syndrome and history would indicate that it requires a multitude of solutions to remedy This book will reveal the solutions to such questions about going to the mall such as When do we go Should just the two of us go together What size mall and what type of store How long should I keep him there How do I plan this trip to the mall Does it matter if the mall is close or far away What department should I take him to when we get there Is it all right to include the mall with something else What do I do if I need a babysitter Do I need to leave him alone or do I stay with him Who should drive the first time

America at the Mall Lisa Scharoun,2014-01-10 Since the construction of the first fully enclosed shopping center in 1952 the shopping mall has evolved into the heart of many suburban areas across the United States More than simply a place to purchase goods this veritable temple of consumerism has become a primary place for community and social interaction and an essential element in many citizens day to day lives This study explores the spiritual emotional and physical effects of the enclosed shopping mall on the public chronicling the growth of the mall its role in shaping urban and suburban life its positive and negative impacts on society and the environment and its future viability As this work shows the mall remains rich in symbolic influence and in many ways mirrors the American condition
