Sociological Bulletin Indian Sociological Society,2005 **The British National Bibliography** Arthur James Wells,2006 American Book Publishing Record ,2003 Fantasy Sports Communities on the Internet Jesse James Draper,2008 *Classical Sociological Theory* Michael S. Kimmel,Matthew Mahler,2007

In an accessible and thoughtful manner this anthology an update of Social and Political Theory Classical Readings 1998 introduces students to the key classic texts in social thought In the second edition Michael Kimmel focuses more specifically on the discipline of sociology rather than melding classical sociological and political theories in one volume Taking a serious look at the canonical texts he presents a diverse range of thinkers who were critical to the development of sociological theory and offers a more inclusive classical canon that is informed by both the historical record and the needs of contemporary students Many of the classical theorists whose works are included here were much more influential than the canon suggested For example the writings of Mary Wollstonecraft Frederick Douglass Margaret Fuller and W E B Du Bois were widely disseminated and discussed in their time yet they were pushed to the margins of the canon declared to be derivative or second rate In attempting to set the record a bit straighter Kimmel restores these and other forgotten thinkers to the positions they once held The questions they posed are among the most vital theoretical and political questions of our era evidence that classical social and political theory continues to speak to new generations of students about the issues that most affect their lives Features new to the second edition Selections of key texts by Auguste Comte Positive Philosophy of Auguste Comte Edmund Burke Reflections on the Revolution in France John Dewey Democracy and Education and Elsie Clews Parsons Women in Public Life Stronger disciplinary focus within sociology Classical Social Theory Second Edition is an ideal text for courses in the theory of sociology the history of social theory the history of political thought and western philosophy Dyskurs ,2006 Social Theory Peter Kivisto,2008

The third edition of Peter Kivisto s comprehensive collection of student accessible primary source readings provides students an opportunity to experience first hand a broad range of orientations shaping sociological theory today Its seminal writings from key theorists were selected for their high degree of relevance and accessibility to undergraduates The readings help students make the connection across schools of thought revealing that theories are always about something as well as demonstrating the roles theories play in interpreting our social world Brief thought provoking introductions frame each article in a larger context and alert students to key points These introductions serve as a useful road map as students travel through the diverse views and continuing debates that make the study of social theory an exciting adventure These introductions also identify and explain central issues and
