## **The Knowers First Move:**

The Knowers Robert Temple Frost,1991      *Romance in Bloom* Robert Temple Frost,2014-08-04 Do you know that you too can be a poet Everyone has this ability that lives within their loving self Most people stifle it from fear of being vulnerable laughed at or criticized So their inspiration is never allowed to bloom Let this little book of poems inspire you to express to your lover your partner whoever is sentimentally or emotionally involved in your life some tender thoughts in poetry You ll be amazed at the reaction you ll get Who can fault an intent to try Be bold be brave be loving My wife and I have an amazing romance that continues to this day I reviewed the love poems I had written to her from the beginning of our romance and realized they make a story in poems that I thought others would enjoy Here then is my book of poetry dedicated to my wife

*Romance in Bloom Sweet Sayings for One s Sweetie*      *Life as a Delightful Mystery* Robert Temple Frost,2017-01-13 Robert Temple Frost enjoys writing observational poems as well as ones that encourage the reader to think His poetry in *Life as a Delightful Mystery* were written over a fifteen year period They will intrigue readers with their diversity and will stimulate on the emotions The poems present a definite point of view and will make readers think and form their own opinions This is called interactive reading because it involves the reader In one of the poems You will imagine that you too are standing at the foot of the world s largest tree the General Sherman sequoia Imagine looking up up and up some more to see the first three foot diameter branch one hundred feet above you You feel small but spiritually equal to this amazing creation In another an eleven year old black African girl in a Sudan refugee camp was assaulted by seven Arab men Now her six month old boy sits on her knee He smiles at people but they don t smile back Science poems focus on that magic moment when in one thirtieth of a second the universe exploded far out and continues to expand We value the dedication and zeal of science investigators who continue to explore nature and reveal the magic of our environment      To Observe Is to Learn, Love, and Admire

Robert Temple Frost,2016-02 Not a day passes when I go outside to drive to the Rec Center that I ll see and hear birds Ravens are the most common If I m not in a hurry I ll mimic the raven s call if I can see him and the bird sees me Sometimes it will move its wings in rhythm with its response call I like that kind of response On that same drive I might see a fox One trip I saw one that had just caught a squirrel The fox was only about fifteen feet away by trees in a lawn The fox stopped chewing on the squirrel to look at me and the squirrel struggled free and ran up a tree and then told the fox what he thought about him Each of these poems is about a real creature or entity in Nature which I personally watched studied and wondered about You ll find that you too through these poems will imagine and visualize these wonderful Nature Beings in their natural settings in Boulder      *Long Trip Home* Robert Temple Frost,2013-05 Akoni and Micah are two brothers who live in Lahaina on the Hawaiian island of Maui Akoni is the older and has a standup paddleboard that Micah likes to ride on while his brother paddles After teaching Micah to paddle Akoni has an idea to modify an ocean going kayak into a standup paddle kayak so the two brothers can paddle across the seven mile wide channel that separates Maui from Molokai where their grandmother lives

With their kayak modified and their parents permission granted the boys embark on their journey Helped along their way by gentle trade winds the brothers encounter playful dolphins and have a too close encounter with an enormous passenger liner However they arrive on Molokai safely and are warmly welcomed by their grandmother Visiting their grandmother on Molokai the boys learn things about their family and their Hawaiian heritage they d never known before Inspired by their newfound understanding of their familial and cultural heritage they strike out across the channel for home But this time the going is treacherous Strong winds and currents force them out into open sea The boys pleasant journey becomes a struggle for survival as Micah and Akoni unexpectedly find themselves on a Long Trip Home Although a mainlander author Robert Temple Frost loves Hawaii and Maui in particular Now retired after 37 years as a research lab administrator Robert is the author of two previous self published works The Knowers First Move and The Knowers Second Move His first novel Okinawan Adventure was published by Charles E Tuttle back in 1958 Photo of Ryan Feinan on Front cover taken by author Publisher s website <http://sbpra.com/RobertTempleFrost> *Conversations with Hala* Robert Temple Frost,2018-10-02 You will enjoy getting to know Hala as I have after speaking with her through a channel Some dismiss the concept of a person called a channel communicating with an entity existing in a higher dimension than our third dimension It was proven to me that Hala is a real entity in a higher dimension who prefers to be thought of as a Spiritual Being not a Soul I asked Hala about my mother This led her to see my mother s older sister who nursed me as my mother could not This was the first revelation that confirmed to me that Hala is a real higher Spiritual Dimension entity In response to more questions Hala discusses three more revelations that could well upset all the world s religious beliefs Read this short book to experience your own reactions because Hala wants everyone to be happy and loving Learn why this is important to her Writes the author Depending on your upbringing and adherence to commonly accepted traditions you may find these conversations with Hala equally challenging Her comments suggest the truth of a new spirituality As the old saying goes What s true for me may not be true for you But if you read and experience a similar resonance I hope you will join me in this Knowing *Kahuna Kid* Robert Temple Frost,2017-12-08 This sequel to Long Trip Home is written for young teenagers and all those who enjoy historic adventure novels Two Hawaiian brothers Akoni and Micah modify an ocean going kayak so they can standup paddleboard it from Maui to Molokai to visit their grandmother an indigenous Hawaiian woman She tells them that their grandfather and great grandfathers way back to the time of King Kamehameha the 5th in 1766 were all Kahunas men who were trained by a master Kahuna to become experts in whatever their field of training or profession Akoni develops a strong sense of heritage after hearing this and wants to become a Kahuna himself to help others He connects with a master Kahuna who teaches him how to find plants and herbs as the sources of medicines trains in their use and also adopts Kahuna practices such as the hula and chants He continues his standup paddle board adventures racing with Micah and his new friend Pamela Will Akoni s Kahuna apprenticeship in his early teens conflict with his father s expectations that he will attend
