The Korean War Uncertain Victory An Oral History:

The Korean War Donald Knox, Alfred Coppel, 2002-11-22 Begun in The Korean War Pusan to Chosin Donald Knox's engrossing and stunning oral history continues here with the last two and a half years of the war and the uneasy armistice achieved in 1953 For too many Americans the Korean War is a piece of history that remains vaguely remembered and scantily acknowledged Yet the death toll for U S service personnel in the three years in Korea was virtually the same as in ten years in Vietnam and the motivation of the soldiers who risked their lives was no less noble than those who fought in World War II Knox determined that the human side of the Korean conflict the mud and the frost the fear and the exultation the gallantry and the sacrifice be fixed in memory undertook the formidable task of collecting the experiences of the soldiers who fought in Korea His own narrative with additional text by Alfred Coppel is interwoven here with soldiers words to create a riveting account of a brutal war

In the Shadow of the Greatest Generation Melinda L. Pash, 2014-05-22 Largely overshadowed by World War II's greatest generation and the more vocal veterans of the Vietnam era Korean War veterans remain relatively invisible in the narratives of both war and its aftermath Yet just as the beaches of Normandy and the jungles of Vietnam worked profound changes on conflict participants the Korean Peninsula chipped away at the beliefs physical and mental well being and fortitude of Americans completing wartime tours of duty there Upon returning home Korean War veterans struggled with home front attitudes toward the war faced employment and family dilemmas and wrestled with readjustment Not unlike other wars Korea proved a formative and defining influence on the men and women stationed in theater on their loved ones and in some measure on American culture In the Shadow of the Greatest Generation not only gives voice to those Americans who served in the forgotten war but chronicles the larger personal and collective consequences of waging war the American way

The Korean War Donald Knox, 1985 Chronicles the first seven months of the war drawing on the personal stories of hundreds of veterans and battalion and regimental records from the National Archives

Eyewitness Korea James Goulty, 2018-11-30 Today the Korean War of 1950-1953 is overshadowed by later twentieth century conflicts in Vietnam and the Middle East yet at the time it was the focus of international attention It threatened to lead to a third world war and although fought on a limited scale it still involved over a million men under UN command and even more on the Communist side It left the American and British troops who took part with a range of intense recollections that often marked them for the rest of their lives and it is these experiences that James Goulty draws on in this eyewitness history of the conflict He uses official documents letters diaries regimental histories memoirs oral histories and correspondence to show what the war was like for those who took part Their accounts vividly contrast the American and British experience as seen through the eyes of individual servicemen and they throw fresh light on the relations between the UN forces on their different attitudes tactics training and equipment and on the tensions that developed between them

Truman, MacArthur, and the Korean War Dennis Wainstock, 1999-09-30 A general history of the critical first year of the Korean War this study deals

primarily with relations between General Douglas MacArthur and President Harry S Truman from June 1950 to April 1951 a period that defined the war's direction until General Mark Clark the final U N Commander signed the Armistice two years later Although the ever changing military situation is outlined the main focus is on policymaking and the developing friction between Truman and MacArthur Wainstock contradicts the common view that MacArthur and Truman were constantly at odds on the basic aims of the war In the matter of carrying the fight to Communist China MacArthur and the Joint Chiefs differed only on timing not on the need for such action The end of the Cold War has provided historians with a better opportunity to study the forces that shaped the thinking of America's leaders at the time of the Korean War The sheer quantity of material now available while daunting is filled with colorful and outstanding personalities dramatic action and momentous actions that have had an impact on world events even to the present day Wainstock ultimately concludes that Washington placed too much emphasis on anti Communist ideology rather than long term national interest in the decision first to intervene in the war and later to cross the crucial 38th Parallel He also emphasizes the important contributions of General Matthew B Ridgway in stopping the Chinese offensive and in influencing Washington's decision not to carry the war to Communist China
