**Austria as Theater and Ideology** Michael P. Steinberg,2000 Austria's renowned Salzburg Festival has from the outset engaged issues of cultural identity in a country that has difficulty coming to terms with its twentieth century history That this is the case was especially apparent in 1999 when the Austrian president

opened the festival with a speech attacking its profile under the direction of Gerard Mortier and calling for a return to the ideals of its spiritual founder Hugo von Hofmannsthal. This proved the opening shot in a renewed debate about the direction of the Festival which is in fact a debate about the identity of Austria itself. The issues posed foreshadowed the uproar that erupted several months later when Joerg Haider's right wing Freedom Party joined a coalition with the conservative People's Party, wresting control of the government from the Socialists and provoking the wrath of Austria's partners within the European Union. What accounts for the profound intellectual and cultural ambivalences that have characterized Austrian history in the twentieth century? In this highly regarded book Michael P. Steinberg investigates the goals and meanings of the Salzburg Festival from its origins in the wake of defeat in World War I and the collapse of the Habsburg Empire. He focuses on those aspects that reveal with special clarity the interplay between the Festival's history and the larger problems of Austrian and German ideology and identity. At the heart of his analysis is the problem of nationalist cosmopolitanism which he sees as a central element of German and Austrian culture from the period of the German enlightenment on. He shows how the Festival sought to embody and extend this paradoxical tradition and in the Preface to the Cornell Paperbacks edition explores the latest chapter in the Austrian culture wars. Steinberg's book is at once a brilliant history of an important cultural institution and a work that deepens our understanding of the unstable relationship between culture and politics in Europe at the beginning of the twenty first century.

*A History of Austrian Literature 1918-2000* Katrin Maria Kohl, Anne Fuchs, Florian Krob, Ritchie Robertson, 2006. New essays examine 20th c Austrian literature in relation to history, politics and popular culture. 20th century Austrian literature boasts many outstanding writers: Schnitzler, Musil, Rilke, Kraus, Celan, Canetti, Bernhard, Jelinek. These and others feature in broader accounts of German literature but it is desirable to see how the Austrian literary scene and Austrian society itself shaped their writing. This volume thus surveys Austrian writers of drama, prose fiction and lyric poetry, relates them to the distinctive history of modern Austria, a democratic republic that was overtaken by civil war and authoritarian rule, absorbed into Nazi Germany and re-established as a neutral state and examines their response to controversial events such as the collusion with Nazism, the Waldheim affair and the rise of Haider and the extreme right. In addition to confronting controversy in the relations between literature, history and politics, the volume examines popular culture in line with current trends. Contributors: Judith Beniston, Janet Stewart, Andrew Barker, Murray Hall, Anthony Bushell, Dagmar Lorenz, Juliane Vogel, Jonathan Long, Joseph McVeigh, Allyson Fiddler, Katrin Kohl (is Lecturer in German and a Fellow of Jesus College) and Ritchie Robertson (is Taylor Professor of German Language and Literature and a Fellow of The Queen's College both at the University of Oxford).
