Thanks For Being A Friend:

Hello! Next Time We Will Be Friends James Ottley, 2011-07-18 In a world where most people believe that they are always right it has become increasingly difficult for productive conversation to take place I am proposing that an informal salutation introduction communication needs to take place This should be followed by an intentional invitation for dialogue on an equal playing field where trust generosity can be developed and be evident in transparency at every level In an interrelated and interconnected world productive action is possible if we act with wisdom and with a firm commitment toward peace and justice for all I believe that hello wisdom hospitality trust generosity and action is the way forward *Becoming Friends* Paul J. Wadell, 2002-07 The author powerfully reminds readers that our first and foremost friendship the one that undergirds all others is with God *Congregations* *Engineering a Life* Krishan K.
