That Was The Week That Was:

A History of Television News Parody in America Curt Hersey, 2022-07-26 In this book Curt Hersey explores the history of U S media demonstrating how news parody has entertained television audiences by satirizing political and social issues and offering a lighthearted take on broadcast news Despite shifts away from broadcast and cable delivery comedians like Samantha Bee Michael Che and John Oliver continue this tradition of delivering topical humor within a newscast format In this history of the television news parody genre Hersey critically engages with the norms and presentational styles of television journalism at the time of their production News parody has increasingly become part of the larger journalistic field with viewers often turning to this parodic programming as a supplement and corrective to mainstream news sources

Beginning in the 1960s with the NBC program *That Was the Week That Was* the history of news parody is analyzed decade by decade by focusing on presidential and political coverage as well as the genre's critiques of television network and cable journalism Case studies include *Saturday Night Live*'s *Weekend Update* HBO's *Not Necessarily the News* Comedy Central's original *Daily Show* *The Daily Show with Jon Stewart* and *The Colbert Report* and HBO's *Last Week Tonight with John Oliver* Scholars of media history political communication and popular culture will find this book particularly useful

Something Completely Different

Jeffrey S. Miller, 2000-01-01 Between *Emma Peel* and *tire Ministry of Silly Walks* British television had a significant impact on American popular culture in the 1960s and 1970s In *Something Completely Different* Jeffrey Miller offers the first comprehensive study of British programming on American television discussing why the American networks imported such series as *The Avengers* and *Monty Python's Flying Circus* how American audiences received these uniquely British shows and how the shows success reshaped American television Miller's lively analysis covers three genres spy shows costume dramas and sketch comedies In addition to his close readings of the series themselves Miller considers the networks packaging of the programs for American viewers and the influences that led to their acceptance including the American television industry's search for new advertising revenue and the creation of PBS

Revel with a Cause Stephen E.

Kercher, 2010-06-15 We live in a time much like the postwar era A time of arch political conservatism and vast social conformity A time in which our nation's leaders question and challenge the patriotism of those who oppose their policies But before there was Jon Stewart Al Franken or Bill Maher there were Mort Sahl Stan Freberg and Lenny Bruce liberal satirists who through their wry and scabrous comedic routines waged war against the political ironies contradictions and hypocrisies of their times *Revel with a Cause* is their story Stephen Kercher here provides the first comprehensive look at the satiric humor that flourished in the United States during the 1950s and early 1960s Focusing on an impressive range of comedy not just standup comedians of the day but also satirical publications like *MAD* magazine improvisational theater groups such as *Second City* the motion picture *Dr Strangelove* and TV shows like *That Was the Week That Was* Kercher reminds us that the postwar era saw varieties of comic expression that were more challenging and nonconformist than we commonly

remember His history of these comedic luminaries shows that for a sizeable audience of educated middle class Americans who shared such liberal views the period s satire was a crucial mode of cultural dissent For such individuals satire was a vehicle through which concerns over the suppression of civil liberties Cold War foreign policies blind social conformity and our heated racial crisis could be productively addressed A vibrant and probing look at some of the most influential comedy of mid twentieth century America Revel with a Cause belongs on the short list of essential books for anyone interested in the relationship between American politics and popular culture The Times Parliamentary Debates ,1892 *Chambers's Journal of Popular Literature, Science and Arts* ,1887 *August Spies Et Al., Plaintiffs in Error* Illinois.
