How To Lie With Statistics:

How to Lie with Statistics Darrell Huff, 2010-12-07 If you want to outsmart a crook learn his tricks Darrell Huff explains exactly how in the classic *How to Lie with Statistics* From distorted graphs and biased samples to misleading averages there are countless statistical dodges that lend cover to anyone with an axe to grind or a product to sell With abundant examples and illustrations Darrell Huff's lively and engaging primer clarifies the basic principles of statistics and explains how they're used to present information in honest and not so honest ways Now even more indispensable in our data driven world than it was when first published *How to Lie with Statistics* is the book that generations of readers have relied on to keep from being fooled *SUMMARY - How To Lie With Statistics By Darrell Huff* Shortcut Edition, 2021-06-01 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes By reading this summary you will learn how to defend yourself against the misused statistics that litter our daily lives You will also learn the importance of statistical samples to be wary of missing data how to identify misleading graphs how to manipulate statistical jargon to your advantage what questions to ask yourself to avoid falling into the trap set by certain statistics Statistics are very useful but they can be misused to sell a product convince voters or attract attention For example a local newspaper with its focus on crime may make its readers believe that they live in a dangerous place and a study explaining that after ingesting a certain medication colds tend to disappear may make people buy a product that is as effective as no treatment at all Statistics have the devious advantage of appearing factual which is what makes them attractive but in the mouth of a dishonest person they can fool even the most discerning readers This book serves not as an instruction manual for crooks but as a self defense manual for their potential victims honest people Buy now the summary of this book for the modest price of a cup of coffee [How to Lie with Statistics](#) D. Huff, 1969 **A Field Guide to Lies and Statistics** Daniel Levitin, 2016-09-08 A guide to critical thinking in the post truth era from the author of Sunday Times best seller *The Organized Mind* We live in a world of information overload Facts and figures on absolutely everything are at our fingertips but are too often biased distorted or outright lies From unemployment figures to voting polls IQ tests to divorce rates we're bombarded by seemingly plausible statistics on how people live and what they think Daniel Levitin teaches us how to effectively ask ourselves can we really know that And how do they know that In this eye opening accessible guide filled with fascinating examples and practical takeaways acclaimed neuroscientist Daniel Levitin shows us how learning to understand statistics will enable you to make better smarter judgements on the world around you [Summary of How to Lie With Statistics by Darrell Huff](#) QuickRead, Lea Schullery, Learn to identify how companies use statistics to deceive and manipulate the public Today our news is bombarded with statistical information We are given averages percentages and more and are simply expected to trust these numbers without question H G Wells understood the importance of understanding this information by stating Statistical thinking will one day be as necessary for efficient citizenship as the

ability to read and write Unfortunately many in society don't have a strong sense of statistical thinking and writers take advantage of this by using the necessary vocabulary and numbers to dupe their readers At first glance numbers seem credible and trustworthy but if you take a deeper look you might find that there is more than meets the eye Throughout How to Lie With Statistics Darrell Huff shares the tricks writers use in statistics to their advantage As you read you'll learn when it is statistically safest to drive how to create the best sample in a study and why counting all the beans is simply too hard Do you want more free book summaries like this Download our app for free at <https://www.QuickRead.com> App and get access to hundreds of free book and audiobook summaries
