Textile Design:

The Art and Craft of Modern Textile Design Sadhna, Rajesh Kumar, S Greeshma, 2025-05-26 This contributed volume explores the craft and science of modern textile design. It offers a carefully curated collection of essays, insights, and case studies. The chapters presented here exist where craftsmanship converges with cutting edge technology and traditional techniques dance with avant garde experimentation and illustrate how fabric can unlock limitless possibilities of artistic expression. From the historical roots that anchor contemporary practices to the forefront of technological advancements shaping the industry, this book offers a panoramic view of the field. The chapters celebrate the artistry behind the loom and the visionary designers who push the boundaries of conventional thinking, transforming threads into transcendent works of art. As the title suggests, this volume is not just about technique; it explores the imaginative spirit that breathes life into fibers.

The book invites readers to witness the synergy between tradition and innovation, uncover the narrative threads woven into every fabric and appreciate the extraordinary craftsmanship that elevates textiles beyond mere utility. This edited volume is designed to appeal to a diverse audience from students and scholars to industry professionals and anyone with an appreciation for the intersection of art and function. The book aims to provide readers with a thorough understanding of the various facets of contemporary textile design, from historical influences to emerging trends.

Introduction to textile design
Sahanawaz Hussain, 2026-01-10 The book *Introduction to textile design* authored by Sahanawaz Hussain provides a comprehensive understanding of the vast and creative world of textiles. It begins with the basic concepts of textile and fabric design, exploring the types of fibres and fabrics used across the world. The text then delves into the rich traditions of Indian textiles, tracing their evolution from ancient handlooms to modern industrial processes. Readers are introduced to the art and science of weaving, including its techniques, machinery, and the role of the Industrial Revolution in transforming textile production. The chapters on weaving, design, composition, rugs, and carpet weaving highlight both traditional craftsmanship and modern innovation. The book also covers decorative textile arts such as fabric painting, stencil, and block printing, batik art, embroidery, and tie dye, celebrating the cultural diversity and artistry embedded in these practices. Furthermore, it explains colour theory, design principles, and modern digital tools and software used in textile design today. A special focus is given to the textile industry in India, its economic significance, and the role of textile designers in shaping contemporary fashion and interiors. The concluding chapters list top institutes in India and abroad that offer professional courses in textile design, serving as a guide for aspiring designers. Overall, this book is an essential resource for students, educators, and professionals in textile design, combining theory, tradition, creativity, and technology in one comprehensive volume.
