The Abdication Of Philosophy:

The Abdication of Philosophy Eugene Freeman, 1976 Essays in honor of Paul Arthur Schlipp **The Abdication of Philosophy** Eugene Freeman, 1976 Essays in honor of Paul Arthur Schlipp *The Abdication of Philosophy = The Abdication of Man* G.A. Rauche, 2012-12-06 We live in a time of functionalism operationalism and technologism with all its levelling depersonalising and dehumanising effects In such an age the question arises of philosophy as critical reflective theory about the world man's position and purpose in the world and the relationship between philosophy and man as a free individual This book makes an attempt to give an answer to this question It has been written from great concern as to the future destiny of mankind in the light of various contemporary attempts at the abolition of philosophy and at merging it in practice as this practice is seen by the respective thinker or school of thought This work may be seen as representing an answer to such attempts as they are made for instance by the advocates of linguistic analysis or by representatives of the so called Frankfurt School respectively By an analysis of Western thought in general with emphasis on the present the author of this book seeks to show that the abdication of philosophy as critical reflective theory leads to the abdication of man as a critical reflective individual one that is free to dissent and to say No to the system Man is perverted and alienated from his true nature He is forced to conform and to lead an unauthentic existence within the system The Abdication of Philosophy — The Abdication of Man G.A.
