

SPY FEVER

A stylized illustration featuring a man in a green suit and a woman in a red dress. The man is wearing a green beret and has a mustache. The woman is wearing a red dress with a white belt. The background is a purple gradient with white clouds. The title 'SPY FEVER' is overlaid in large, yellow, block letters with black outlines. The letters are slightly tilted and have a 3D effect. The overall style is cartoonish and colorful.

Harry Richards

Spy Fever:

British 'Spy Fever' in the First World War Harry Richards,2025-08-21 An exploration of how British society experienced spy fever during the First World War Following the declaration of war in 1914 German spies were sighted across Britain as a potent form of spy fever supposedly gripped the nation This book questions the extent to which British society was truly terrified of German spies and explores the broader impacts of secret warfare during the early stages of the First World War Harry Richards analyses the belief that a clandestine network of spies and saboteurs mostly comprised of naturalised aliens domiciled in Britain had successfully infiltrated all elements of society and were poised to destroy Britain's war effort from within Although that danger never fully materialised the spy peril remained a dominant feature of radical politics and popular culture throughout the First World War Why images of German spies were so appealing and enduring during this period is the subject of this book British Spy Fever in the First World War contends that our understanding of spy fever is in need of significant revision Whereas previous studies typically characterise society's reaction to the spy peril as one of hysteria this book shows that our understanding of spy fever should encompass a wider variety of emotions and experiences British society was certainly obsessed with images of German espionage but this seldom resulted in psychological disorder Each chapter therefore examines different emotional experiences alarm terror excitement anxiety hope anger and enjoyment to highlight the diverse and complex reactions towards the enemy within

British Children's Literature and the First World War David Budgen,2018-05-17

Perceptions of the Great War have changed significantly since its outbreak and children's authors have continually attempted to engage with those changes explaining and interpreting the events of 1914-18 for young readers British Children's Literature and the First World War examines the role novels textbooks and story papers have played in shaping and reflecting understandings of the conflict throughout the 20th century David Budgen focuses on representations of the conflict since its onset in 1914 ending with the centenary commemorations of 2014 From the works of Percy F Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills Budgen traces developments of understanding and raises important questions about the presentation of history to the young He considers such issues as the motivations of children's authors and whether modern children's books about the past are necessarily more accurate than those written by their forebears Why for example do modern writers tend to ignore the global aspects of the First World War Did detailed narratives of battles written during the war really convey the truth of the conflict Most importantly he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous
