Humanitarian Governance and the British Antislavery World System Maeve Ryan, 2022-04-05 How the suppression of the slave trade and the disposal of liberated Africans shaped the emergence of modern humanitarianism. Between 1808 and 1867 the British navy's Atlantic squadrons seized nearly two thousand slave ships re capturing almost two hundred thousand enslaved people and resettling them as liberated Africans across sites from Sierra Leone and Cape Colony to the West Indies Brazil Cuba and beyond. In this wide ranging study Maeve Ryan explores the set of imperial experiments that took shape as British authorities sought to order and instrumentalise the liberated Africans and examines the dual discourses of compassion and control that evolved around a people expected to repay the debt of their salvation. Ryan traces the ideas that shaped disposal policies towards liberated Africans and the forms of resistance and accommodation that characterized their responses. This book demonstrates the impact of interventionist experiments on the lives of the liberated people on the evolution of a British antislavery world system and on the emergence of modern understandings of refuge asylum and humanitarian governance.

The Immanent Divine John J. Thatamanil, While traditional Christian thought and spirituality have always affirmed the divine presence in human life Thatamanil argues we have much to learn from non dualistic Hindu thought especially that of the eighth century thinker Sankara and from the Christian panentheism of Paul Tillich. Thatamanil compares their diagnoses and prognoses of the human predicament in light of their doctrine of God or Ultimate Reality. What emerges is a new theology of God and human beings with a richer and more radical conception of divine immanence a reconceived divine transcendence and a keener sense of how the dynamic and active Spirit at work in us anchors real hope and deep joy. Using key insights from Christian and Hindu thought Thatamanil vindicates comparative theology expands the vocabulary about the ineffable God and arrives at a new construal of the problems and prospects of the human condition.
