### **Fiqh Us Seerah**

Muhammad Al Ghazali, 2018-02-06

Many books have been written about the life of the Prophet Muhammad SAW. In writing this book the author had a specific objective. He used the life of the Prophet SAW to go into depth about the Prophet SAW. Many historians only touched on the various aspects of his life. This book goes into detail and provides reasons and explanations for whatever took place. It is a blend of modern analysis and ancient detail. Its objective is to nurture faith, purify characters and fan the struggle to embrace the truth and be faithful to it. Indeed the life of the Prophet SAW has been documented as a message for practical implementation not intellectual entertainment. You may think that you have studied the life of Muhammad by following his history from birth to death but this is a grave mistake. You will never really understand the Sirah unless you study the noble Qur'an and the purified Sunnah. The amount that you derive from these will tell the strength of your connection with the prophet of Islam sallallahu alaihi wa sallam.

From the Epilogue: An important work of the Egyptian scholar Sheikh Muhammad al-Ghazali. Drawing upon his profound classical Islamic learning and an extensive knowledge of modern science, Sheikh al-Ghazali has broken new ground in the study of Seerah, bringing to bear a fresh but wholly authentic approach. This is a work which all serious students should have to complement the Seerah of the Prophet Muhammad SAW.

**The Biography of Muhammad**

Harald Motzki, 2021-10-05

This book deals with the controversial value of the sources on which the biography of Muhammad, the founder of Islam, is based. Discussions on this topic have been going on for more than a century but it has become especially debated during the last two decades. This volume contains ten articles which are the outcome of an international colloquium on the issue. Part one of the book examines the development of the Muslim tradition concerning the life of Muhammad while the other part focuses on the historical reliability of the source material. The volume reflects not only the most recent methodological developments in the study of the life of Muhammad but also the improvement of its material basis due to sources which have only recently become available or which have been neglected.
