The Light Bringers:

Portrait Chris Lowen, 2010-03-10 Prepare to take a journey through rhyme and rhythm into the image of love life and everything in between With every passing word another image is painted showing the loneliness and depression happiness and bliss and triumph and victory that linger within one man's heart and soul Chris Lowen began writing after losing a close friend he struggled to find his voice through the pain and depression that soon followed At the young age of fourteen he was certain that he needed to release himself from the pain he felt He slowly started writing various ideas down on paper and creating fantasies that allowed him to escape the difficulties of reality After writing several poems for his would be book he came to realize his knack for this genre so he decided instead of writing just to prove a point that he would instead create a self portrait of his own self The portrait would be created not with paint and oils but with words in their purest and simplest form that explain the very essence of his soul within every shape form color and tone that it took *Gods of Arator Volume 1*
