**The Left Leg** Theodore Francis Powys,1923      **Figurine Makers of Prehistoric Cyprus** Edgar Peltenburg,Diane Bolger,Lindy Crewe,2019-07-31 The Chalcolithic period in Cyprus has been known since Porphyrios Dikaios excavations at Erimi in the 1930s and through the appearance in the antiquities market of illicitly acquired anthropomorphic cruciform figures often manufactured from picrolite a soft blue green stone The excavations of the settlement and cemetery at Souskiou Laona reported on in this volume paint a very different picture of life on the island during the late 4th and early 3rd millennia BC Burial practices at other known sites are generally single inhumations in intramural pit graves only rarely equipped with artifacts At Souskiou multiple inhumations were interred in deep rock cut tombs clustered in extra mural cemeteries Although the sites were also subjected to extensive looting excavations have revealed complex multi stage burial practices with arrangements of disarticulated and articulated burials accompanied by a rich variety of grave goods Chief among these are a multitude of cruciform figurines and pendants This

unusual treatment of the dead which has not been recorded elsewhere in Cyprus shifts the focus from the individual to the communal and provides evidence for significant changes involving kinship group links to common ancestors Excavations at the Laona settlement have furnished evidence suggesting that it functioned as a specialised center for the procurement and manufacture of picrolite during its early phase The subsequent decline of picrolite production and the earliest known occurrence of new types of ornaments such as faience beads and copper spiral pendants attest to important changes involving the transformation of personal and social identities during the first centuries of the 3rd millennium BC a topic that forms a central theme of this final report on the site Scribner's Magazine ... ,1891 The Left Leg Theodore Francis Powys,1968 **Buck's 2025 ICD-10-CM for Physicians - E-BOOK** Elsevier Inc,Jackie Koesterman,2024-09-26 Selecting diagnosis codes is faster and easier with Buck's 2025 ICD 10 CM for Physicians Designed by coders for coders this full color manual includes all the ICD 10 codes that you need to code medical services provided in physicians offices and outpatient settings As coders need extensive knowledge to code with ICD 10 CM and to choose from the thousands of possible codes this edition makes it easier with colorful anatomy plates including Netter's Anatomy illustrations to help you understand anatomy and how it can affect your code choices In addition it comes with durable spiral binding and includes a companion website with the latest coding updates Philosophical Transactions of the Royal Society of London ,1893 Clinical Lectures on Subjects Connected with Medicine, Surgery, and Obstetrics New Sydenham Society,1877 **Journal of Nervous and Mental Disease ,1888** July 1918 1943 include reports of various neurological and psychiatric societies
