Provocative because it undoes the allures of propulsion toward modernity at the same time that it refrains from a retreat into an idyllic and elusive pre colonial past. Drawing on a wide body of postcolonial studies scholarship emanating from South Asia and on psychoanalytic theory Dayal complicates our understanding of three prominent Indian figures Ramakrishna Paramahansa Rabindranath Tagore and Mohandas Karamchand Gandhi active in the decades before independence from British colonial rule. He sees them as resisting the modernist rhetoric of sovereignty and rational nationalism prevalent in those years. Through his focus on these protagonists Dayal illuminates how their critique of the nationalist project of the pre independence years was at once strategic and limiting inclusive and exclusionary empowering and potentially debilitating. Rajini Srikanth University of Massachusetts Boston. She is the author of *The World Next Door* South Asian American Literature and the Idea of America Temple 2006 co editor of the award winning anthology *Contours of the Heart* South Asians Map North America Rutgers 1996 and co editor of the collection of critical essays *A Part Yet Apart* South Asians in Asian America Temple 1998. *Resisting Modernity* is an admirable endeavor that opens up modernity to possibilities of postcolonial subaltern re recognition. Dayal's conjunctural readings of the gendered affective as well as cognitive performances of Ramakrishna Tagore Gandhi and Ambedkar are richly symptomatic of the human condition under colonial modernity. A welcome addition to the genre of the global interrogation of modernity. He is the author of *Diasporic Mediations Between Home and Location* Minnesota 1996 and *Theory in an Uneven World* Blackwell 2003      [Annihilation of Caste in India](#) Hira Singh,2025-02-25 This book offers a critical re examination of the relationship between caste and class. Singh demystifies caste based on a comparative analysis between a Weberian and Marxian understanding of power. He rejects Max Weber's account of caste as rooted in culture which Weber saw as analytically distinct from the economic and political power. In contrast Singh offers a Marxist analysis of caste as a matter of land means of production and labor social relations of production. Extending his critique of the cultural understanding of caste Singh examines one of the most prominent accounts of caste as a religious phenomenon specific to Hinduism. The book aims to show the intrinsic interconnectedness of class and caste      *Humanizing Humanity* Bidyut Chakrabarty,2024-07-20 *Humanizing Humanity* is distinctively framed advocacy of the ways in which the concept of humanity has been defended by various ideologues of India like Tagore Gandhi and Ambedkar. By grounding itself in the epistemology of intellectual history

the book delineates how these three major thinkers visualised the ways in which society can be better humanized Such a process of humanization for these thinkers forms the bedrock of the trajectory in which humanity may be preserved amidst intense authoritarianism and the violent quest for power by a small minority in the society The book is an attempt at exploring the strands of inter textuality that exist when Tagore Gandhi and Ambedkar s thinking is situated in the ontic and epistemic context of a few humans tendency to destroy humanity and the efforts of another section to create conditions for its preservation Bidyut Chakrabarty does this by comparing the ways in which the Federalist Papers of the United States of America and the Indian Constitution manifest as quintessential texts that uphold the principles of liberty equality justice and the protection of the weaker sections of society from structured strands of domination and exploitation **Mohandas**
