National Library Service for the Blind and Physically Handicapped, 2005

Designing Trans-Generational Urban Communities Basudatta Sarkar, Haimanti Banerji, 2024-06-14 This book examines the inclusiveness of city planning and design to address gaps in policies strategies and design guidelines for developing trans generational urban communities in India Identifying key factors and measurable indicators of trans generational cities within social physical and economic dimensions the volume highlights the need for establishing age friendly and child friendly cities and communities Through a systematic process of ground data collection the book explores issues related to health daily routine lifestyle recreation and socialization within vulnerable groups considering their physical and cognitive limitations for framing adaptable policies The volume integrates a bottom up and top down approach by integrating the needs and perception of the target group obtained from extensive groundwork with the available theories and literature in allied fields adopting a step by step synchronized methodology It also presents the way forward for framing policies focusing on socio economic security participation dignity care and self fulfillment Offering rich empirical research this book will be useful for students teachers and researchers of architecture urban design urban geography urban studies urban development and planning and child psychology It will also be of interest to urban planners and designers policy planners local government authorities and professionals engaged in the discipline *Social Europe Guide* European Commission. Directorate-General for Employment, Social Affairs and Inclusion, 2012 Creating Communities for Active Aging ,2001 *The Age-friendly Lens* Christie M. Gardiner, Eileen O'Brien Webb, 2022-08-05 This book engages with the concept of age friendly environments adopting multi perspectivity to demonstrate how age friendly environments can contribute to shifting how we think feel and

act toward issues of age and ageing and operate as a vehicle to improve understandings of ageism Drawing from traditionally distinct fields the text demonstrates theoretical and applied dimensions of the age friendly global agenda with several chapters discussing topics that have to date been underrepresented in age friendly scholarship including education health and justice systems The case studies encourage critical engagement with the issue of ageism in age friendly scholarship It presents a clear understanding of the inequalities challenges and opportunities of ageing and of the ways international regional national and sub national commitments in health development and human rights and are further impacted by ageing through designing implementing monitoring and evaluating policies and programmes The essays utilise a critical and interdisciplinary dialogue to enhance discussion of the age friendly environment agenda through the inclusion of age friendly perspectives in addition to its processes and destinations in an ageing society The book serves as a catalyst to stimulate research policy and public interest in the physical social and regulatory environments in which we age and the consequent impact upon health and well being It will be of interest to professors graduate students and undergraduate students in policy sociology health planning and gerontology It is also recommended reading for policy makers politicians think tanks and lobbyists who are concerned with age all age inclusiveness [The British National Bibliography](#) Arthur James Wells,2007
