*Agents of Innocence* David Ignatius, 2013-12-24 *Agents of Innocence* is the book that established David Ignatius's reputation as a master of the novel of contemporary espionage. Into the treacherous world of shifting alliances and arcane subterfuge comes idealistic CIA man Tom Rogers. Ordered to penetrate the PLO and recruit a high level operative, he soon learns the heavy price of innocence in a time and place that has no use for it.

*The Puppeteer* Alan Refkin, 2025-01-27 Knowing its oil reserves will be depleted by the end of the next decade, Saudi Arabia has implemented a strategic plan to maintain its global economic and geopolitical dominance. To avoid raising suspicions about the diminishing size of their oil reserves, they've carefully managed their export levels. As a result, the world is largely unaware of the impending decline in the Saudi oil supply, despite a recent statement from one of their ministers that all resources extracted from the earth are finite and will eventually run out. Consequently, for the past decade, the Saudis have been secretly implementing a plan to transition to an alternative asset that the global community cannot do without. This operation has been conducted slowly and discreetly by an individual known only as the Puppeteer, the name reflecting their ability to manipulate nations, carry out assassinations, and orchestrate events to ensure the success of Saudi Arabia's transition strategy. However, when Mauro Bruno's investigation into the anomalies caused by this mysterious figure begins to unravel the Saudi plan before it can be fully implemented, threatening to destroy a decade of meticulous work, Bruno and his partners find themselves running for their lives while attempting to gather the evidence needed to expose the Saudi plan.

***The Martyr's Oath* Stewart Bell, 2014-04-29** In *The Martyr's Oath*, Stewart Bell, Canada's most respected journalist covering terrorism, tells how Mohammed Mansour Jabarah, a teenaged Canadian, was selected by the Al Qaeda leadership to coordinate a powerful attack in Southeast Asia that would have led to more destruction than 9/11. There is no better way to understand how Western youth are being drawn to terrorism than to read this story of the rise of a new generation of terrorist. Rohan Gunaratna, Author of *Inside Al Qaeda: Global Network of Terror*, Columbia University Press. *The Martyr's Oath* provides a unique vignette into the recruitment, training, and operational deployment of young Canadian Muslims by Al Qaeda terrorists. It couples a biographical account of their personal and family experiences culminating in capture, interrogation, and death with some extraordinarily detailed accounts of counterterrorism operations across the Middle East, Southeast Asia, and North America. This will be a must-read for anyone and everyone interested in the challenges of international terrorism in our times. Dr. Martin Rudner, Director, Canadian Centre of Intelligence and Security Studies, The Norman Paterson School of International Affairs, Ottawa, ON. Acclaim for Stewart Bell's first book, *Cold Terror: How Canada Nurtures and Exports Terrorism Around the World*. An arresting look at the reality of terrorism. *The Gazette*, Montreal. Every responsible citizen of Canada, the US, the UK, and other Western Countries should read this book. Christopher Ondaatje, *Times Higher Education Supplement*. *Cold Terror* will shock the conscience of the nation. This book is not just an exposé; it is an urgent call to action. David Frum, Author of *The Right Man*.
