Report of the workshop on fisheries-related other effective area-based conservation measures in areas under the jurisdiction of regional fisheries bodies FAO,2024-12-11 The capacity building workshop on fisheries related other effective area based conservation measures OECMs in areas under the jurisdiction scope of regional fisheries bodies was held at FAO headquarters in Rome between 22 and 25 January 2024 The workshop was organized by the FAO Fisheries and Aquaculture Division NFI and the Regional Fishery Body Secretariats Network to support regional fisheries bodies RFBs to understand further discuss and apply lessons learned in the identification of OECMs through the application of the OECM criteria The main points covered during the workshop were 1 introducing participants to the OECM concept and the identification and reporting mechanism 2 discussing the role of RFBs in identifying OECMs 3 providing an exchange of experiences across different RFBs and 4 assessing the role of RFBs in implementing the CBD Kunming Montreal Global Biodiversity Framework and the Biodiversity Beyond National Jurisdiction BBNJ Agreement Participants noted the need to substantiate the OECM submission with robust data and information especially on biodiversity attributes in the area and understanding that fisheries depth does not include huge areas that are not fishable challenges in identifying OECMs in regards to migratory species pelagic ecosystems as opposed to benthic ecosystems such as vulnerable marine ecosystems the importance to fully document the OECM identification process and for it to be driven by science knowledge the need to avoid greenwashing by identifying measures that may not meet the OECM criteria or may be too big to be effectively implemented enforced the need to be proactive in biodiversity conservation and the need for enhanced cooperation between sectors

Fundamental Rights and Mutual Trust in the Area of Freedom, Security and Justice Ermioni Xanthopoulou,2020-04-30 This book explores the relationship of mutual trust and fundamental rights in the Area of Freedom Security and Justice AFSJ of the European Union and asks whether there is any role for proportionality Mutual trust among Member States has long been presumed by the Court in a manner that mutual recognition was prioritised in regard to but to the detriment of the protection of fundamental rights After thoroughly reviewing this relationship this book offers a comprehensive framework of proportionality and explores its impact on the protection of fundamental rights in a mutual trust environment It applies a theoretical and a normative framework of proportionality to two case studies EU criminal and asylum law by reference to several fundamental rights enabling a carefully constructed analysis with useful parallels The book argues that such analysis based on proportionality is not always desirable and helpful for the protection of fundamental rights in this area and thoroughly explores its impact on the protection of fundamental rights vis vis mutual trust *Journal of the House of Representatives of the United States* United States. Congress. House,2007 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House *In Common No More* Arnold F.

Shober,2016-06-13 When did the Common Core evolve from pet project to pariah among educators and parents This book examines the rise and fall of our national education standards from their inception to the present day Parents teachers and political groups have waged debates over the Common Core since the standards adoption in 2010 This timely examination explores the shifting political alliances related to the Common Core State Standards Initiative explains why initial national support has faded and considers the major debates running through the Common Core controversy The book is organized around four themes of political conflict federal versus state control minorities versus majorities experts versus professionals and elites versus local preferences The work reviews the politics of state and national standards evaluating the political arguments for and against the Common Core federal overreach lack of evidence for effectiveness lack of parental control lack of teacher input improper adaptive testing overtesting and connections to private education reform funders and foundations The work includes a short primer on the Common Core State Standards Initiative as well as on the Partnership for Assessment of Readiness for College and Careers PARCC and Smarter Balance two state level organizations that have worked on the standards An informative appendix presents brief descriptions of major interest groups and think tanks involved with the standards initiative along with a timeline of American educational standards reforms and the Common Core

The Challenges of Illegal Trafficking in the Mediterranean Area Vincenzo Militello,Alessandro Spina,2023-12-23 The book deals with illicit trafficking in the Mediterranean seen as a borderline issue between mobility and security under a strongly interdisciplinary approach The opening part is dedicated to issues that transversally concern illegal trafficking criminological criminal law criminal procedure but also international law issues This part presents a kind of general theory of illegal trafficking showing its recurring aspects and identifying the legal and criminal political issues that would be best addressed by a unified approach to the matter The other parts are devoted to presenting instead a special part overview of illegal trafficking The second and the third section are devoted in particular to illegal traffics having human beings as their objects More specifically the second part examines smuggling of migrants which has a central criminological and criminal political relevance among the illegal traffics taking place in the Mediterranean The third part deals with the neighbouring theme of human trafficking especially in its connection with the problem of labour exploitation Finally the fourth part focuses on some trafficking in goods offering a selected and representative overview of some of the most significant forms that such trafficking can take tobacco trafficking drug trafficking and trafficking in cultural goods **Teach Yourself VISUALLY**

Complete Excel Paul McFedries,2013-07-29 While many users need Excel just to create simple worksheets many businesses and professionals rely on the advanced features of Excel to handle things like database creation and data analysis Whatever project you have in mind this visual guide takes you through what each step should look like *Securitizing Marine Protected Areas* Elizabeth M. De Santo,2024-07-10 This book presents a novel examination of Marine Protected Areas within a security context bridging science policy and geopolitics and addressing the often under emphasized aspect of

environmental justice The book argues that Marine Protected Areas MPAs are not only a critical tool for protecting marine biodiversity in a changing climate but they also play an important role at the intersection of geopolitics and environmental justice and they provide a case study of environmental governance at the science policy interface The book takes an interdisciplinary and critical approach and builds on the author's two decades of experience working in this field Geopolitically it explores the ways in which MPAs provide footprints for influence and access to resources far from home for nations with overseas territories MPAs also raise important issues connected to equity environmental justice and social justice including access to resources and participation in environmental decision making processes key aspects for achieving long term conservation goals The book also demonstrates how MPAs are a critical lens for understanding how policy makers cope with scientific uncertainty and the necessity of well designed and precautionary science advisory processes While the ecological contribution of MPAs is paramount social issues and geopolitical considerations are often less obvious in the discourse underpinning MPAs and the resulting tensions can undermine long term conservation objectives By applying the three lenses of geopolitics environmental justice and science this book provides key insights to help the international community moving past the 2030 biodiversity targets and beyond towards a future of meaningful equitable and effective conservation approaches This book will be of great interest to students and scholars of biodiversity conservation marine studies political geography environmental governance and science policy studies It will also be of interest to marine conservation governance professionals and policymakers
