France Since 1930

Martin Evans, Emmanuel Godin

France Since 1930:

France Since 1930 John E. Talbott, 1972 **France Since 1815** Martin Evans, Emmanuel Godin, 2014-01-21 Part of the Modern History for Modern Languages Series France since 1815 provides an accessible overview of the major socio political changes in France during this period Designed for area studies students studying French it presents the historical context necessary for language students to understand the complexities of contemporary French society Adopting a chronological approach it surveys nearly two hundred years of French history with events covered including The French Revolution The Bourbon Restoration The Third Republic Occupied France The Fourth Republic The Gaullist Revolution and France after 2003 This revised edition includes new material that focuses on Chirac's second mandate Iraq war religion suburbs and the inability/impossibility of carrying on with reform an assessment of the controversial Sarkozy presidency and a final chapter covering the last ten years culminating in the results of the French presidential elections in 2012 Features include clear timelines of main events and suggested topics for discussion glossary inserts throughout of key terms and concepts the use of primary documents to re create and understand the past free access to a website <http://www.port.ac.uk/special/france1815to2003> containing a wealth of complementary material Drawing on the best scholarship particular emphasis has been given to the role of political memory the contribution of women and the impact of colonialism and post colonialism The relationship between France and her European partners is analysed in greater depth and there are new sections explicitly situating France and the French within a wider transnational global perspective *France Since 1800* D. L. L. Parry, Pierre Girard (professor of contemporary history.), 2002 In this concise history of France since 1815 David Parry and Pierre Girard examine distinctive features of contemporary France tracing their origins and investigating their continuities and transformations Each chapter focuses on a particular chronological period beginning by setting the scene in terms of political events the narrative then broadens out to consider the wider issues of society economics religion the arts gender relations and France's relationship with Europe and with the rest of the world This clearly written accessible text will appeal to undergraduates studying French history politics and culture as well as the general reader *Quebec Since 1930* Paul-André Linteau, René Durocher, Jean-Claude Robert, François Ricard, 1991-01-01 List of Tables List of Maps List of Figures Preface PART 1 THE DEPRESSION AND THE WAR 1930-1945 Introduction Quebec in 1929 The Depression A Troubled Period The Second World War **Decline Or Renewal? France Since the 1930s** Stanley Hoffmann, 1974 *France in the Era of Fascism* Brian Jenkins, 2007 This volume brings together the leading critics of the immunity thesis to fascism in France in the 1930s Robert Paxton Zeev Sternhell and Robert Soucy who have refined and updated their positions in these essays *We'll Always Have Paris* Harvey Levenstein, 2010-03-15 For much of the twentieth century Americans had a love/hate relationship with France While many admired its beauty culture refinement and famed joie de vivre others thought of it as a dilapidated country populated by foul smelling mean spirited anti Americans driven by a keen desire to part tourists from their money

We'll Always Have Paris explores how both images came to flourish in the United States often in the minds of the same people Harvey Levenstein takes us back to the 1930s when despite the Great Depression France continued to be the stomping ground of the social elite of the eastern seaboard After World War II wealthy and famous Americans returned to the country in droves helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures At the same time though thanks in large part to Communist and Gaullist campaigns against U S power a growing sensitivity to French anti Americanism began to color tourists experiences there strengthening the negative images of the French that were already embedded in American culture But as the century drew on the traditional positive images were revived as many Americans again developed an appreciation for France s cuisine art and urban and rustic charms Levenstein in his colorful anecdotal style digs into personal correspondence journalism and popular culture to shape a story of one nation s relationship to another giving vivid play to Americans changing response to such things as France s reputation for sexual freedom haute cuisine high fashion and racial tolerance He puts this tumultuous coupling of France and the United States in historical perspective arguing that while some in Congress say we may no longer have french fries others like Humphrey Bogart in Casablanca know they will always have Paris and France to enjoy and remember The History of France from the Earliest Times to 1848 François Guizot, Madame de Witt (Henriette Elizabeth), 1885 **Africa Since 1935** Ali Al'Amin Mazrui, Christophe Wondji, 2014 **Commerce Reports** United States. Bureau of Foreign and Domestic Commerce, 1932 **Daily Consular and Trade Reports**, 1931 Historical Abstracts, 1992 "A" Synopsis of English History from the Earliest Times to the Year 1870 Stacey Grimaldi, 1871 *House documents*, 1889 *The French Revolution of 1789 as Viewed in the Light of Republican Institutions* John Stevens Cabot Abbott, 1887 **Catalogue of the Historical Library of A.D. White**, 1894 **French Naval Policy and Foreign Affairs, 1930-1939** William Gregory Perett, 1977 The Economist, 1896 **Politics and the Individual in France 1930-1950** Jessica Wardhaugh, 2017-07-05 The crises and conflicts of mid century Europe highlight the fragility of individual life and commitment Yet this was a time at which individuals engaged in politics on an unprecedented scale whether in movements parties and street politics through culture or by the choices confronted in war and occupation Focusing on France and bringing together historians of politics literature philosophy art and film this volume sheds new light on the imagination and experience of the political individual in the age of the masses From a controversial art exhibition on Algeria to the private diary of a Jewish lawyer in Occupied Paris these case studies illuminate the specificities of French ideas and experiences in mid century Europe They also contribute to a deeper understanding of memory agency and responsibility in times of crisis **France and Italy in the Mediterranean** Vera Micheles Dean, 1930
