We think it is about us. We believe it is about how someone or something makes us feel. When something or someone fails to give us the positive feeling we want we move on and look for something else. This type of love requires little effort. By making it about us and how we feel we miss the many opportunities presented to us every day to have lasting and meaningful impact. To truly love is hard. It is not a feeling but an action. It requires us to be intentional and outwardly focused on others rather than internally focused on our own feelings. When we love hard our lives have real meaningful lasting positive impact on the world around us. In Love Hard Jason Wren uses stories from his and others' lives to show how all of us can learn to love hard and thus have significant and lasting impact.
