Absurdities of the Gods of the New Morality (PB) Stephen F. Baca, 2019-12-09 Absurdities of the Gods of the New Morality By Stephen F Baca The art on the front cover represents the twelve supreme Greek deities displayed from left to right they are Demeter Hermes Hephaestus Aphrodite Ares Hera Zeus Poseidon Athena Apollo Artemis and Dionysius This book strikes a parallel between the character and behavior of these supreme mythical gods and that of today's elite nihilists Just like the current gods of the new morality the Greek gods were not noble they were absurd decadent and powerful Absurdities of the Gods of the New Morality is unique in that it identifies specifically those who were primarily responsible for the declension of virtue in our society It is a complete comprehensive and exhaustive exposure of the negative enculturation of America by elitist Boomer activists There was a decline of morality and virtue in our country precipitated by Boomer activists starting in the 1960s when Boomers first started reaching age 18 and went off to college where they were proselytized by socialistic professors Sound ethics morality and virtue are essential elements of any orderly society and we are headed in the wrong direction The solution is a return to virtue and decency *Successful Meetings* ,1990-04
