Therefore this book details the most important 20% of coaching points to help you get 80% of the results This book details various coaching styles ways to get the team to respect you even more and work hard for you This book does not cover the technical aspects of soccer like how to pass the ball shoot properly perform a foot skill Other books in the Understand Soccer Series have been created to cover those subjects Outcomes of applying this book Work with your players parents instead of against them Know the advantages and disadvantages of the major formations Understand the 1 technique so your advice is followed and not just heard Why does learning these things matter Building your soccer knowledge grows your coaching confidence Coaching esteem is key to build the belief in yourself to know how to handle the difficult situations that can arise when coaching
