Snatched From Fire:

Snatched from the fire Keith Mitchell, 2012-12-17 Real gospel meets real life As a firefighter Keith Mitchell is trained to snatch people from flames As a Christian he sees sin as a fire to be fought in our lives This results in real living life with freedom and a purpose with a happy eternity thrown in Don't read this book if you want religion answers to life's great mysteries or the secret of winning the lottery Do read it if you are willing to put your prejudices behind you and be open minded and willing to change as a result of meeting someone far more important than all of the above put together Jesus Meeting Jesus results in real living life with freedom and purpose And you'll find a happy eternity thrown in as well **The Living Age**, 1847 The Oceania Monographs, 1970 Faithful words, for old and young. Revisiting National Security Prabhakaran Paleri, 2022-05-10 This book examines the evolving concept of national security and how human systems could be governed in an ever turbulent and dynamic world It takes a revised look at the concept of national security previously researched and identified by the author based on the present context but with a futuristic appreciation of governance primarily national but extended to global perspectives in the modern and dynamically shifting world The book emphasises the need for governments to maximise national security for the well being of their people The concept of national security is taken as the key subject of national governance which is extendable to global governance wherein national security is not only the physical or military security alone but also the overall well being of the people of a nation This book explores how national security can be achieved by balancing its various elements in different terrains where the game of governance is played in national as well as global perspective It also presents additional findings and observations to show that the approach is transformative redefining the key knowledge paradigms This book is relevant for policy makers students researchers and academics who wish to explore and rethink their approach towards governing the human systems whose well being is the responsibility of governments *Anglo-Catholic Sermons* Rev.
