How To Become A Talent Magnet Getting Talented People To Work For You:

Attract, Engage and Retain Top Talent Donna De St. Aubin, Brian J. Carlsen, 2008-10 An organisation with a superior employment brand is one whose leadership and workforce behaviours match the company brand. Translation: the value proposition for the business is reflected in the actions of the employees at all levels of the organisation. Even for organisations that know how to attract the right talent, the challenge turns to how to engage them in their work and retain them longer than the competition. Every manager knows: engaged and committed employees are proud to work for their employer and are dedicated to the organisation and willing to give the extra effort necessary to achieve the goals of the enterprise. 50 Plus One: Tips to Attract, Engage and Retain Top Talent provides different approaches to engage your employees. This book will serve as a blueprint for the creation or re-creation of your desired place to work by attracting, engaging and retaining your company's top talent.

Leaders: Learn to Attract Top Talent Jim Kerr and Steven Kenney, 2014-09-17 How do senior leaders differentiate their companies from the competition? By hiring top talent. In this issue of TD at Work, James M. Kerr and Steven Kenney speak to senior leaders about how they can work with talent development professionals and put in place practices to attract quality employees. They use these four lenses to examine the best ways to craft strong cultures: organizational identity, human operating systems, talent cultivation, workplace evolution.

The Gentle Art of Leadership Brian Donovan, Dean Phelan, 2024-11-12 What makes leaders great? The writing is on the wall: Quantitative and qualitative research indicate they consistently practise a Gentle Art of Leadership. Firsthand analyses of more than six thousand 360° feedback reports, Over 50 one-on-one interviews with Leaders, Reflections on hundreds of Executive Coaching sessions, Review of over 160 books and articles on leadership. Our own experiences as CEOs. A compelling guide and handbook for anyone in a leadership role. This Gentle Art of Leadership cuts against the grain of the often held view that great leaders, CEOs and team coaches are charismatic, extroverted, forceful characters with powerful egos and that we need such big personalities to transform our companies, organisations, sporting teams and nations. Sometimes this view proves to be true and we remember such characters. But more often the greatest leaders who leave the greatest legacies have a powerful mixture of personal humility, integrity and indomitable will for forwarding the health, success and long term prosperity of their organisation and people. They seem to get the best out of others by genuinely treating them with dignity and respect whilst focused on strategic outcomes.
