Concise and comprehensive, Ethics Management for Public and Nonprofit Managers takes a managerial ethics approach to building and leading ethical public organizations. It includes a discussion of the U.S. constitutional and administrative environment in which officials carry out their duties, descriptions and assessments of the tools available to elected and appointed officials who are committed to building ethical organizations, an overview of legislative and administrative measures taken by Congress, presidents, the judiciary and the fifty states to foster ethical governance, unique coverage of ethics management around the world with a focus on the U.S., Europe and Asia, and hands-on skill building exercises with active learning opportunities that conclude each chapter.
