Clack, 2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters

sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process **That Other World** Princess Grace Irish Library. International Conference, 1998 A Portion of His Life Eugenie R. Freed, 1994 The scope of A Portion of His Life has deliberately been restricted to a significant aspect of Milton's influence that has not before been seriously considered in Blake criticism Blake's conception expressed in poetry and art of the female portion his Miltonic view of woman Arguing that the female personages who appear in Blake's continuously developing mythic structures in his major works are not women in any realistic sense Freed shows that in his principal representations of femaleness Blake draws repeatedly on certain of Milton's archetypal female personages notably Eve and Sin of *Paradise Lost* Nature in the Hymn on the Nativity of Christ and the Lady of Comus and moreover that Milton's poetry is often in the most literal sense the *materia prima* of Blake's Freed reviews other philosophical and literary elements comprising Blake's concept of femaleness his study of the Hebrew Bible and of alchemical treatises his reading of Spenser and Shakespeare and considers aspects of Blake's own life that led him to find new dimensions in the life and works of Milton BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
