**Gorilla!** The very word scares people. They think gorillas are mean, so they would kill or be mean to them. Gorillas don't do that. And, to be sure, gorillas look frightening. Their faces look mean, and they are big and strong. But like humans, gorillas are very nice. They don't want to kill people. They don't really scare most humans. When they protect their babies, it is only for frightening an enemy. If that doesn't work, one gorilla will just run away.

The most famous gorilla is the **Gorongosa the Great**. He was in the

circus. Circus performers called him "The World's Most Terrifying Living Creature." They showed pictures of him looking terrible. Before he was in the circus, Gorongosa belonged to a man named Peter Mark. Peter took him from Africa in 1960. And when he bought him, he was very scared. One night of his journey east, Gorongosa was afraid. So the brother and wife of the singer and actress like a frightened child from best with the woman. That was when they discovered the great howls of the gorilla.
