Davy Jessie is a young personal injury trial lawyer working as an associate in a top drawer law firm in Houston, Texas, in 2005. In addition to trying difficult, sometimes impossible cases assigned to him by the firm, Davy also assists Tim Sullivan, one of the named partners in the firm, in prosecuting more serious cases. Sullivan is a flamboyant, fashionable, facile at formulating a memorable turn of phrase, philandering litigator with a long history of trial victories and the material rewards that a contingency fee practice can yield. Davy is enamored with Sullivan and attempts to emulate Sullivan's professional and personal behavior.

After Davy wins one of the cases he was not expected to win Sullivan designates Davy to lead the firm's efforts in representing a group of landowners in eastern Kentucky whose properties have been contaminated by oil field production. Beth Sheehan, a contract lawyer hired by the firm to help with discovery on the case, travels to Kentucky with Davy where they have a brief affair. Davy returns to find that his wife Michelle is pregnant. The fallout from the affair and the stress of preparing the case send Davy spiraling into depression and emotional paralysis. Along the way, down to his moral crisis, Davy contemplates existential questions about the nature of law, the importance of literature, the existence of God, and what, if anything other than single malt Scotch or cold chardonnay, gives meaning to life as he considers losing his wife, leaving the law firm, and abandoning the practice of law.
