## **The Achilles Affair:**

The Achilles Affair Berkely Mather, 1968      *The Achilles Affair* Berkely Mather, 1979-10      **The Achilles Affair** Berkely MATHER (pseud.), 1961      *The Achilles Affair. [A Novel.]* Berkely MATHER (pseud.), 1959      **The Origins and Role of Same-Sex Relations in Human Societies** James Neill, 2009-01-14 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex      Reading the Late Byzantine Romance Adam J. Goldwyn, Ingela Nilsson, 2018-12-20 The corpus of Palaiologan romances consists of about a dozen works of imaginative fiction from the thirteenth to the fifteenth centuries which narrate the trials and tribulations of aristocratic young lovers This volume brings together leading scholars of Byzantine literature to examine the corpus afresh and aims to be the definitive work on the subject suitable for scholars and students of all levels It offers interdisciplinary and transnational approaches which demonstrate the aesthetic and cultural value of these works in their own right and their centrality to the medieval and early modern Greek European and Mediterranean literary traditions From a historical perspective the volume also emphasizes how the romances represent a turning point in the history of Greek letters they are a repository of both ancient and medieval oral poetic and novelistic traditions and yet are often considered the earliest works of Modern Greek literature      Cultural Translations in Medieval Romance Victoria Flood, Megan G. Leitch, 2022 New approaches to this most fluid of medieval genres considering in particular its reception and transmission Romance was the most popular secular literature of the Middle Ages and has been understood most productively as a genre that continually refashioned itself The essays collected in this volume explore the subject of translation both linguistic and cultural in relation to the composition reception and dissemination of romance across the languages of late medieval Britain Ireland and Iceland In taking this multilingual approach this volume proposes a re centring and extension of our understanding of the corpus of medieval Insular romance which although long considered

extra canonical has over the previous decades acquired something approaching its own canon a canon which we might now begin to unsettle and of which we might ask new questions The topics of the essays gathered here range from Dafydd ap Gwilym and Walter Map to Melusine and English Trojan narratives and address topics from women and merchants to werewolves and marvels Together they position the study of romance in translation in relation to cross border and cross linguistic transmission and reception and alongside the generic re imaginings of romance both early and late that implicate romance in new linguistic cultural and social networks The volume also shows how even where linguistic translation is not involved we can understand the ways in which romance moved across cultural and social boundaries and incorporated elements of different genres into its own capacious and malleable frame as types of translation in terms of learning or power or both

**Tendon Structure-Function Relationship in Health, Ageing and Injury** Huub Maas,Toni Arndt,Jason Franz,2021-08-10 *Character Sketches of Romance, Fiction and the Drama* Ebenezer Cobham Brewer,1892 **The Romance of Reality** Charles Morris,1896 **German Romance** Thomas Carlyle,1898 **Romance** ,1893 **The Romance of an Empress, Catherine II. of Russia** Kazimierz Waliszewski,1895 **The Miscellaneous Works of Sir Walter Scott, Bart: Chivalry, romance, and the drama** Sir Walter Scott,1870 The Romance of Trade Henry Richard Fox Bourne,1871 **The Ladies' Cabinet of Fashion, Music & Romance** , Character Sketches of Romance, Fiction and the Drama Ebenezer Cobham Brewer,1902 The Flourishing of Romance and the Rise of Allegory George

Saintsbury,1897 *The Romance of Palestine* James Wideman Lee,1897 **The Alexandra of Lycophron** Charles McNelis,Alexander Sens,2016-06-24 This monograph is a literary study of Lycophron's Alexandra whose obscurity a quality notorious already in antiquity has long hampered holistic approaches Through a series of distinct but closely integrated literary studies of major aspects of the poem including its style its engagement with the traditions of epic and tragedy and its treatment of heroism and of the gods the book explores the way the Alexandra reconfigures Greek mythology In particular as it is presented in Homeric epic and Athenian tragedy in order to cast the Romans and their restoration of Trojan glory as the ultimate telos of history In this sense the poem emerges as an important intermediary between Homeric epic and Latin poetry particularly Vergil's Aeneid By rewriting specific features of the epic and tragic traditions the Alexandra denies to Greek heroes the glory that was the traditional compensation for their suffering while at the same time attributing to Cassandra's Trojan family honours framed in the traditional language of Greek heroism In this sense the figure of Cassandra a prophetess traditionally gifted with the power of foresight but denied credibility self reflexively serves as a vehicle for exploring the potentials and limitations of poetry
