The Afterlife of Charles Dickens's "Great Expectations" in the Late 20th and Early 21st Century Enver Kazić, 2016-05-02 Seminar paper from the year 2014 in the subject English Language and Literature Studies Literature grade A University of Sarajevo course English Language and Literature language English abstract It seems that the 19th century industrial development and generally the period called Victorian age was not suitable for the urban writer such as Dickens It should not come as a surprise that Dickens was not very satisfied with the period he lived in or with people around him The fact that he had already sold the lease on his London house and moved to the swamp North Kent Marshes before he started to write the novel Great Expectations may come as a proof for this statement Dickens was forty eight then and he could not stand pollution and bad public health or the famous London fog of which he wrote so much in his novels Bleak House and Our Mutual Friend There is however always a huge diversion between rural and urban in Dickens novels especially in Great Expectations Because of this huge distinction Tristan Siple in her work The Revenge of Swamp Thing Wetlands Industrial Capitalism and the Ecological Contradiction of Great Expectations divides Dickens in the two groups pastoral Dickens and gritty urban Dickens In Great Expectations marsh the

place where the main protagonist Pip lives the marsh is without a doubt showed as a place of wrongdoings criminality and everything bad

Essential reading for scholars of media studies religious studies cultural theory and anyone fascinated by humanity's oldest and most enduring question what happens when we die      **Experiencing the Afterlife** Manuele Gragnolati, 2005

*Experiencing the Afterlife* provides the first sustained analysis of popular vernacular depictions of the afterlife written in Italy before the *Divine Comedy* by authors such as Ugucione da Lodi Giacomino da Verona and Bonvesin da la Riva Manuele Gragnolati uses his readings of these poets to provide a new interpretation of Dante's work Combining elements from several disciplines he investigates the richness of high medieval eschatology and the concept of personal identity it expresses Gragnolati is particularly concerned with how the notions of body and pain characteristic of medieval spirituality and devotion inform the eschatological representations of the time especially in their paradoxical urge to stress at once the physical experience of the separated soul and the final necessity of bodily resurrection By integrating lesser known texts and scholarship from other disciplines into the specialized field of Dante studies Gragnolati sheds new light on some of the most vigorously debated and crucial questions raised by the *Divine Comedy* including the embryological discourse of Purgatorio 25 the relation between the soul's experience of pain in Purgatory and the devotion that late medieval culture expressed toward Christ's suffering and the significance of the audacious vision of resurrected bodies that Dante the pilgrim enjoys at the end of his journey At the same time Gragnolati brings these questions back into contemporary discussions of medieval eschatology and opens new perspectives for current and future work on embodiment and identity Scholars and students of Dante and Italian studies as well as those in medieval history religion culture and art history will be rewarded by the fresh insights contained in *Experiencing the Afterlife*      **Providing for the Afterlife** Susan L. Beningson, Cary Yee-Wei Liu, Willow Hai Chang, 2005

that in every religious tradition the afterlife represents the ultimate reward for the good Segal combines historical and anthropological data with insights gleaned from religious and philosophical writings to explain the following mysteries why the Egyptians insisted on an afterlife in heaven while the body was embalmed in a tomb on earth why the Babylonians viewed the dead as living in underground prisons why the Hebrews remained silent about life after death during the period of the First Temple yet embraced it in the Second Temple period 534 B C E 70 C E and why Christianity placed the afterlife in the center of its belief system He discusses the inner dialogues and arguments within Judaism and Christianity showing the underlying dynamic behind them as well as the ideas that mark the differences between the two religions In a thoughtful examination of the influence of biblical views of heaven and martyrdom on Islamic beliefs he offers a fascinating perspective on the current troubling rise of Islamic fundamentalism In tracing the organic historical relationships between sacred texts and communities of belief and comparing the visions of life after death that have emerged throughout history Segal sheds a bright revealing light on the intimate connections between notions of the afterlife the societies that produced them and the individual s search for the ultimate meaning of life on earth
