ours Judging spectators and desire in place To the author justice to ourselves but grace Our scene is London cause we would make known No country s mirth is better than our own No clime breeds better matter for your whore Bawd squire impostor many persons more Whose manners now call d humours feed the stage And which have still been subject for the rage Or spleen of comic writers Though this pen Did never aim to grieve but better men Howe er the age he lives in doth endure The vices that she breeds above their cure But when the wholesome remedies are sweet And in their working gain and profit meet He hopes to find no spirit so much diseased But will with such fair correctives be pleased For here he doth not fear who can apply If there be any that will sit so nigh Unto the stream to look what it doth run They shall find things they d think or wish were done They are so natural follies but so shewn As even the doers may see and yet not own *The Alchemist's Daughter* Katharine McMahon,2006-01-31 Secrets abound in this gripping tale of a young woman cloistered since birth who discovers that knowledge is no substitute for experience when she choses to follow her heart over science Raised by her father in near isolation in the English countryside Emilie Selden is trained as a brilliant natural philosopher and alchemist In the spring of 1725 during the English Age of Reason father and daughter embark upon their most daring alchemical experiment to date attempting to breathe life into dead matter But when Emilie against her father s wishes experiences the passion of first love she decides to listen to her heart over her head Banished to London and plunged headlong into a society that is both glamorous and ruthless Emilie discovers that for all her extraordinary education she has no insight into the workings of the human heart When she tries to return to the world of books and study she instead unravels a shocking secret that sets her on her true journey to enlightenment *The Alchemist in Life, Literature and Art* John Read,1947 **The Alchemist (Annotated)** Ben Jonson,2017-12-30 This is an annotated version of the book 1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errors The greatest of English dramatists except Shakespeare the first literary dictator and poet laureate a writer of verse prose satire and criticism who most potently of all the men of his time affected the subsequent course of English letters such was Ben Jonson and as such his strong personality assumes an interest to us almost unparalleled at least in his age Ben Jonson came of the stock that was centuries after to give to the world Thomas Carlyle for Jonson s grandfather was of Annandale over the Solway whence he migrated to England Jonson s father lost his estate under Queen Mary having been cast into prison and forfeited He entered the church but died a month before his illustrious son was born leaving his widow and child in poverty Jonson s birthplace was Westminster and the time of his birth early in 1573 He was thus nearly ten years Shakespeare s junior and less well off if a trifle better born But Jonson did not profit even by this slight advantage His mother married beneath her a wright or bricklayer and Jonson was for a time apprenticed to the trade As a youth he attracted the attention of the famous antiquary William Camden then usher at Westminster School and there the poet laid the solid foundations of his classical learning Jonson always held Camden in veneration acknowledging that to him he owed All that I

am in arts all that I know and dedicating his first dramatic success Every Man in His Humour to him It is doubtful whether Jonson ever went to either university though Fuller says that he was statutorily admitted into St John's College Cambridge He tells us that he took no degree but was later Master of Arts in both the universities by their favour not his study When a mere youth Jonson enlisted as a soldier trailing his pike in Flanders in the protracted wars of William the Silent against the Spanish Jonson was a large and raw boned lad he became by his own account in time exceedingly bulky In chat with his friend William Drummond of Hawthornden Jonson told how in his service in the Low Countries he had in the face of both the camps killed an enemy and taken opima spolia from him and how since his coming to England being appealed to the fields he had killed his adversary which had hurt him in the arm and whose sword was ten inches longer than his Jonson's reach may have made up for the lack of his sword certainly his prowess lost nothing in the telling Obviously Jonson was brave combative and not averse to talking of himself and his doings In 1592 Jonson returned from abroad penniless Soon after he married almost as early and quite as imprudently as Shakespeare He told Drummond curtly that his wife was a shrew yet honest for some years he lived apart from her in the household of Lord Albany Yet two touching epitaphs among Jonson's Epigrams On my first daughter and On my first son attest the warmth of the poet's family affections The daughter died in infancy the son of the plague another son grew up to manhood little credit to his father whom he survived We know nothing beyond this of Jonson's domestic life
