The American Conscience:

The American Conscience Roger Burlingame, 1957 *An American Conscience* Sabella, Jeremy, 2017 Reinhold Niebuhr 1892-1971 was an inner city pastor, ethics professor and author of the famous Serenity Prayer. Time magazine's 25th anniversary issue in March 1948 featured Niebuhr on its cover and Time later eulogized him as the greatest Protestant theologian in America since Jonathan Edwards. Cited as an influence by public figures ranging from Billy Graham to Barack Obama, Niebuhr was described by historian Arthur Schlesinger Jr. as the most influential American theologian of the twentieth century. In this companion volume to the forthcoming documentary film by Martin Doblmeier on the life and influence of Reinhold Niebuhr, Jeremy Sabella draws on an unprecedented set of exclusive interviews to explore how Niebuhr continues to compel minds and stir consciences in the twenty-first century. Interviews with leading voices such as Jimmy Carter, David Brooks, Cornel West, and Stanley Hauerwas, as well as with people who knew Niebuhr personally, including his daughter Elisabeth, provide a rich trove of original material to help readers understand Niebuhr's enduring impact on American life and thought. CONTRIBUTORS: interviewees Andrew J. Bacevich, David Brooks, Lisa Sowle Cahill, Jimmy Carter, Gary Dorrien, Andrew Finstuen, K. Healan Gaston, Stanley Hauerwas, Susannah Heschel, William H. Hudnut III, Robin W. Lovin, Fr. Mark S. Massa, S.J., Elisabeth Sifton, Ronald H. Stone, Cornel West, Andrew Young. **The American Conscience** Roger Burlingame, 1960 *The American Conscience* W. Cephias Cunningham, 1946 **Missouri Law and the American Conscience** Kenneth H. Winn, 2016-12-31 Until recently, many of Missouri's legal records were inaccessible, and the existence of many influential historic cases was unknown. The ten essays in this volume showcase Missouri as both maker and microcosm of American history. Some of the topics are famous: Dred Scott's slave freedom suit, Virginia Minor's women's suffrage case, Curt Flood's suit against professional baseball, and the Nancy Cruzan right to die case. Other essays cover court cases concerning the uneasy incorporation of ethnic and cultural populations into the United States, political loyalty tests during the Civil War, the alleviation of cruelty to poor and criminally institutionalized children, the barring of women to serve on juries decades after they could vote, and the creation of the Missouri Court Plan, a national model for judicial selection. *The American Conscience at Work* Marion Daniel Shutter, 1907* **The American Conscience. (An Inquiry Into Three Centuries of American Behavior and the Moral Judgments of the People Upon Themselves.)** William Roger BURLINGAME, 1957 **War Crimes and the American Conscience** Erwin Knoll, Judith Nies, 1970 Consists of an edited transcript of the proceedings of the Congressional Conference on War and National Responsibility, Washington, D.C. 1970, and supplementary material contributed by the participants. **Sentiments of an American Conscience** Chris Arney, 2019-06-19 This book is about how we feel, how we understand, how we relate, and what we can do to improve ourselves. While all of us have a conscience, our consciences are not all-knowing nor always correct. However, our consciences help us sort out our values and philosophy, ethics and virtue, rights and responsibilities, and politics and relationships.

Sentiments of an American Conscience Showing society through many perspectives by Chris Arney provides ideas and reminders of the important elements of life in the forms of passages snippets quotes and reflections The book s topics range from liberty equality fairness freedom and democracy to technology science and mathematics and many subjects in between Our world is in transition from its past focus on industrialization to a new emphasis on information The central premise of the book is that as a nation in transition the US has become less capable in some ways and more competitive and greedy Because of that we need reminders on how we think and act to regain our competence and confidence with sufficient virtue and morality to take care of US citizens and to garner the cooperation and support from other countries in the world The book s version of conscience considers formal institutions such as the military and education systems in the US along with American fascinations such as football sports religion and politics The reader will find an assortment of notions that at times confronts and embraces modern issues such as complexity flatness artificial intelligence robots networks international relations decision making and problem solving The book s conscience also reminds the reader of foundational issues and values embedded in the humanism of US democracy like freedom liberty equality altruism morality diversity tolerance and other basic principles within American culture and society As is the case with consciences some ideas are farfetched and others are more mundane and obvious The sentiments and opinions are presented to make us think and reflect on ourselves and our country Given the author s experiences in the military and teaching at the United States Military Academy these topics are ones that capture the sentiments of the conscience and are used as examples of American culture government and organization The author s perspectives as a mathematician and interdisciplinary scientist also affect the presentation which is sometimes empirical and sometimes emotional The author sees American democracy in need of modernization and human society in need of more cooperation and toleration As a former teacher of cadets who have opportunities to change and hopefully improve the world Chris Arney is both idealistic and optimistic about the future trajectory of the United States and the world Chris sees himself as a member of the once hopeful and now disappointing Woodstock Generation He and the conscience reflect on the lost opportunities of his Baby Boomer generation and put their faith in the Millennials for the revitalization of the Woodstock spirit The one American pastime that is a prime target of the conscience s wrath is big time college football The conscience warns of football s dangers and reveals the misguided emphasis of American education institutions on football s role in the educational demise of American students
