The Alarmist:

Our Day, 1898 *Father's Milk* Marko Vignjevic, 2011-07-15 Yet another tasteful and superbly written offering from the pen of one of the most talented and erudite writers of our time With his unique ability the author delves into the depths of his poor hapless protagonist a lost and plagued soul drowning in his own miseries Undermined by his wife and son driven to distraction by the miserable circumstances over which he appears to have no control the wretched Isav can endure no more of his depressingly dark existence and so abandoning all he has known sets off without direction on a desperate journey from place to place looking to regain his status in the world as a man *Father's Milk* is another tasteful and superbly written offering from the pen of one of the most erudite and talented modern writers of our time Of appeal to the most highly discerning of readers the adventures of Isav as he travels along the unknown highway of life cannot fail to make an unforgettable impact

The Concept of Climate Migration Benoît Mayer, 2016-11-25 This timely book offers a unique interdisciplinary inquiry into the prospects of different political narratives on climate migration It identifies the essential angles on climate migration the humanitarian narrative the migration narrative and the climate change narrative and assesses their prospects The author contends that although such arguments will influence global governance they will not necessarily achieve what advocates hope for He discusses how the weaknesses of the concept of climate migration are likely to be utilized in favour of repressive policies against migration or for the defence of industrial nations against perceived threats from the Third World
