Three detailed 3D models of viruses, resembling coronaviruses or similar enveloped viruses, are positioned on the left side of the title. The top one is at the top center, the middle one is to the left of the 'A', and the bottom one is to the left of the 'C'. They are rendered with a metallic purple finish and sharp, spike-like protrusions on their surfaces.

The AIDS Conspiracy Nicoli Nattrass,2013-11-01 Since the early days of the AIDS epidemic many bizarre and dangerous hypotheses have been advanced to explain the origins of the disease In this compelling book Nicoli Nattrass explores the social and political factors prolonging the erroneous belief that the American government manufactured the human immunodeficiency virus HIV to be used as a biological weapon as well as the myth s consequences for behavior especially within African American and black South African communities Contemporary AIDS denialism the belief that HIV is harmless and that antiretroviral drugs are the true cause of AIDS is a more insidious AIDS conspiracy theory Advocates of this position make a conspiratorial move against HIV science by implying its methods cannot be trusted and that untested alternative therapies are safer than antiretrovirals These claims are genuinely life threatening as tragically demonstrated in South Africa when the delay of antiretroviral treatment resulted in nearly 333 000 AIDS deaths and 180 000 HIV infections a tragedy of stunning proportions Nattrass identifies four symbolically powerful figures ensuring the lifespan of AIDS denialism the hero scientist dissident scientists who lend credibility to the movement the cultropreneur alternative therapists who exploit the conspiratorial move as a marketing mechanism the living icon individuals who claim to be living proof of AIDS denialism s legitimacy and the praise singer journalists who broadcast movement messages to the public Nattrass also describes how pro science activists have fought back by deploying empirical evidence and political credibility to resist AIDS conspiracy theories which is part of the crucial project to defend evidence based medicine
