**Defining Features** Walter Spink,2014-03-13 Volume 6 in Walter Spink s detailed analysis of the creation and development of the Ajanta caves during the reign of the emperor Harisena c 460 c 477 has had a profound and often upsetting impact on the understanding of Indian history in the so called Golden Age The author contends that through the discipline of Art History one can in fact change the established view of cultural developments in the crucial Classic Age 5th Century CE One of his major aims is to prove that it was the Vakatakas under the emperor Harisena and not the Guptas that brought Indian culture to its apogee in the late 470s and to show that by analyzing and organizing Ajanta s defining feature in revealing developmental sequences one can support with specifics the revolutionary but now increasingly accepted short chronology for which the author is well known These defining features range from the changing types of Buddha images and living arrangements for the monks to the precise analysis of the evolution of pillars doorways and excavation techniques The volume also includes at the start a discussion of the transforming effect of competition and finally war as a key to Ajanta s highly driven development its florescence and finally its sad demise

**Ajanta: History and Development, Volume 7**  
**Bagh, Dandin, Cells and Cell Doorways** Walter Spink,2017-01-09 Walter Spink s intense concern with the development of the Ajanta caves and their architectural sculptural and painted features finds its most insistent reflection in his present richly illustrated study In part 1 Spink explains the many connections between the Bagh caves and its sister site Ajanta He particularly emphasizes the leading role that Bagh plays in establishing the short chronology and in the crucial matter of Buddhist shrine development from the aniconic to iconic forms of worship In part 2 along with his colleague Professor Naomichi Yaguchi who also provided the photographs and the newly informative plans the authors show how over the course of a mere decade better and better ways were discovered to fit the doors in the cells where the monks lived Such an analysis

reveals the vigor of the conceptual and technical changes that characterize Ajanta's evolution from its start in the early 460s to its traumatic collapse in about 470. Moving from Ajanta's beginning to its ending, the evolution of door fittings parallels the precise and dramatic development of Indian history in the remarkable course of the emperor Harisena's reign.
