

WILLIAM STEIG  
The Amazing Bone

# The Amazing Bone

**Harvey S. Wiener**

## **The Amazing Bone:**

**The Amazing Bone** William Steig, 1976 On her way home from school Pearl finds an unusual bone that has unexpected powers *The Amazing Bone* William Steig (Illustrator), 1982 *Amazing Bone* William Steig, 1976-01 [The Amazing Bone](#) William Steig, 1976 Tells the tale of Pearl a pig and a talking bone as they try to outwit a band of highway robbers and a hungry fox **The Amazing Bone** J VIDEO AMA., 1985 Animated [The Amazing Bone, by William Steig](#) Jean Jamieson, 2002 [The New York Times Guide to the Best Children's Videos](#) Kids First!, 1999-11 The only guide you ll need for choosing the best videos and CD ROMS for your family INCLUDES More than 1000 entries of kid tested and adult approved videos currently available Listings organized by age from infancy to adolescence as recommended by child development specialists A wide range of categories with special attention to gender and ethnicity Educational Instructional Fairy Tales Family Literature and Myth Special Interest Foreign Language Holiday Music How To and Nature Review ratings in a clear easy to read format Evaluations by panels of adults and children Outstanding programs from independents and major studios Ordering information running times and suggested retail prices Evaluations of more than 100 CD ROMs 500 recommended feature films for the family and more **The Poetics of Childhood** Roni Natov, 2014-06-03 The Poetics of Childhood investigates the sensibility of childhood and the ways writers try to recapture it It explores the earliest conceptions of innocence and the development of literature about children through contemporary times It encompasses the pastoral the dark pastoral the anti pastoral it addresses picture books fantasy and realism It looks with originality at the literature of childhood inclusive of children s literature and literature about childhood so that the child and adult can be seen reflexively the child in the adult and the various stages of childhood as they are remembered and retained in adulthood It confronts issues of primal and socially constructed desire adn the use of childhood to talk about desire It is a poetics a way of imagining the experience of childhood and explores childhood as a particular fluid and porous time it also addresses issues of creativity This is an essential reference for teachers parents artists and writers [Any Child Can Read Better](#) Harvey S. Wiener, 1996-05-16 Reading however fundamental the task may seem to everyday life is a complex process that takes years to master Yet learning to read in the early stages is not an overwhelming problem for most children especially when their classroom learning is coupled with a nurturing home environment in which reading is cherished and pencil and paper are always available and fun to use In fact studies have shown that children score higher in reading if their parents support and encourage them at home Unfortunately though many parents want to involve themselves actively in their children s education very few know just what to do Now Dr Harvey S Wiener author of the classic Any Child Can Write provides an indispensable guide for parents who want to help their children enter the magic realm of words In Any Child Can Read Better Second Edition Dr Wiener offers practical advice on how to help children make their way through the maze of assignments and exercises related to classroom reading In this essential book parents learn how to be reading helpers without replacing

or superseding the teacher by supporting a child's reading habits and sharing the pleasures of fiction poetry and prose Home learning parents also will find a wealth of information here Through comfortable conversation and enjoyable exercises that tap children's native abilities parents can help their child practice the critical thinking and reading skills that guarantee success in the classroom and beyond For example Dr Wiener explains how exercises such as prereading warm ups like creating word maps a visual scheme that represents words and ideas as shapes and connects them will allow youngsters to create a visual format and context before they begin reading He shows how pictures from a birthday party can be used to create patterns of meaning by arranging them chronologically to allow the party's story to emerge or how they might be arranged by order of importance a picture of Beth standing at the door waiting for her friends to arrive could be displayed first Beth blowing out the birthday cake placed toward the middle of the arrangement and the pictures of Beth opening her gifts especially the skates she's been begging for all year would surely go toward the end of the sequence Dr Wiener shows how these activities and many others such as writing games categorizing toys or clothes or favorite foods and reading journals will help children draw meaning out of written material This second edition includes a new chapter describing the benefits of encouraging children to keep a journal of their personal reactions to books the value of writing in the books they own underlining writing in the margins and making a personal index and a variety of reading activities to help children interact with writers and their books Dr Wiener has also expanded and updated his fascinating discussion of recommended books for children of all ages complete with plot summaries Written in simple accessible prose *Any Child Can Read Better* offers sensible advice for busy parents concerned with their children's education
