The Ambedkar Era:

[The Ambedkar Era](#) Ramesh Chandra,Sangh Mittra,2003-01-01 [Dalit Identity in the New Millennium: The Ambedkar era](#) Ramesh Chandra,2003 [Crosscultural Communication](#) N.L. Gupta,1998 This Book Provides A Global Perspective To The Cross Cultural Communication Besides Presenting Conceptual Analysis It Discusses At Length The Cultural Pluralism Multi Religious Communication Religion And Politics Socio Economic Inter Dependence Cross Currents In Philosophy Art And Literature And Human Values [Dalits' Struggle for Social Justice in Andhra Pradesh \(1956-2008\)](#) Akepogu Jammanna,Pasala Sudhakar,2016-12-14 The complete alienation of Dalits from resources like land water and agricultural implements has led to the collective demand for an equal share in productivity This book discusses the range of socio economic and cultural problems faced by the Dalit community The movement advancing the rights of Dalits took place both before and after independence however they varied in intensity and concerned land ownership and fair wages self respect social dignity and the demand for equal rights This movement appeared to have significantly changed the very mindset and attitude of upper caste people to restrain themselves and not to resort to any discrimination or humiliation of Dalits However this seems to have been only a temporary phenomenon and the practice of suppression and humiliation continues today This book explores the circumstances of Dalits in the Indian state of Andhra Pradesh and the current efforts attempting to achieve more social equality for the caste here [Dalit Identity in Indian Print Media](#) Ali Saha,2026-01-30 Dalit Identity in Indian Print Media Caste Power and Representation takes readers inside the world of Indian news media to reveal how caste operates today not through open exclusion but through subtle and powerful storytelling This book introduces the idea of New Casteist media showing how modern journalism often gives Dalits visibility only in moments of violence or conflict while quietly reinforcing the hierarchies it reports on Drawing on a unique blend of media research and social theory it examines hundreds of news stories from The Times of India and Amar Ujala during a period of political transformation The findings provide a nuanced overview of the ways in which hegemonic relations are shaped and structured in Indian news media often presenting a paradoxically inclusive front while continuing to reinforce bias in more subtle but powerful ways This book is not just about the media It's about democracy identity and how stories shape the way we see power and injustice Perfect for readers interested in media politics and social change it offers a fresh and eye opening look at how deeply entwined journalism is with the fight for equality in 21st century India This book benefits scholars interested in media studies social inequality and identity formation offering valuable insights into how media influences the evolving dynamics of caste in modern India Academics studying caste media or social hierarchies will find this book particularly relevant The book also offers a critical lens for understanding how media influences public discourse on caste and marginalization making it essential reading for scholars in sociology media studies and cultural studies [Occupational Mobility among Scheduled Castes](#) Jagan Karade,2020-10-27 The book discusses the educational achievements and occupational mobility among the

Scheduled Castes in India the group that is a large section of Indian population called as Dalit was deprived of their basic legitimate and human rights to live with dignity The book shows that the second generation of Scheduled Castes is highly mobile as compared to their fathers generation It also attempts to measure the impact of Inclusive Policy provided by the Government of India In this book author found that after the religious conversion under the leadership of Dr Babasaheb Ambedkar the Mahars converted to Buddhism Therefore the Buddhist community is more aware about the occupational development as compared to other communities Hence the development of the Buddhists could be treated as an ideal model for all the Backward Classes in India Dalit Counter-publics and the Classroom V Geetha,Uma Chakravarti,2024-06-07
