When the owners decide to do away with the long prevailing lawless conditions on the road, they choose a young engineer to go out there and do the taming. Having failed hopelessly on one memorable occasion to display any manly courage, he believes himself to be a physical coward and consequently wholly unfit for the task. He confesses this feeling to the vice president of the road, but this fails to shake the official's confidence in the young man. He has a hard struggle against lawlessness, strikes, collisions, wrecks, and bloodshed, but wins out and proves beyond a doubt that he is possessed of no small amount of physical and moral courage. We are delighted to publish this classic book as part of our extensive Classic Library collection. **The Railroad in American Fiction** Grant Burns, 2005-08-24 Nothing better represented the early spirit of American expansion than the railroad. Dominant in daily life as well as in the popular imagination, the railroad appealed strongly to creative writers. For many years, fiction of railroad life and travel was plentiful and varied. As the nineteenth century receded, the railroad's allure faded, as did railroad fiction. Today it is hard to sense what the railroad once meant to Americans. The fiction of the railroad, often by railroaders themselves, recaptures that sense and provides valuable insights on American cultural history. This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important. Each entry includes plot and character description to help the reader make an informed decision on the source's merit. A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes, hoboes, and the roles of women and African Americans. Such writers of pure railroad fiction as Harry Bedwell, Frank Packard, and Cy Warman are well represented, along with such literary artists as Mark Twain, Thomas Wolfe, Flannery O'Connor, and Ellen Glasgow. Work by minority writers including Jean Toomer, Richard Wright, Frank Chin, and Toni Morrison also receives

close attention An appendix organizes entries by decade of publication and the work is indexed by subject and title
