Song And Dance Man:

Song and Dance Man Karen Ackerman, 2013-01-30 A beautifully nostalgic picture book about one grandfather's younger days that shows you're only as old as you feel. In this affectionate story, three children follow their grandfather up to the attic where he pulls out his old bowler hat, gold-tipped cane, and his tap shoes. Grandpa once danced on the vaudeville stage, and as he glides across the floor, the children can see what it was like to be a song and dance man. Gammell captures all the story's inherent joie de vivre with color pencil renderings that leap off the pages. Bespectacled, enthusiastic Grandpa clearly exudes the message that you're only as old as you feel, but the children respond as will readers to the nostalgia of the moment. Utterly original, starred Booklist.

The Passion of Music and Dance William Washabaugh, 2020-09-02 The late nineteenth century witnessed the birth and popularization of a number of highly emotional musical styles that played on the eagerness of modern Europeans and Americans to toy with the limits of sanity and to taste the ecstasies of living on the edge. This absorbing book explores these popular, passionate musical styles which include flamenco, tango, and rebetika, and points out that they arose as well-intentioned intellectuals co-opted the emotional experiences most closely associated with women. In drawing those experiences out of female practice, they defined, objectified, and turned them into strategies of domination, the deepest impact of which was felt ironically by modern women. In bridging anthropology, sociology, cultural media, body, and gender studies, this book broadens the base of theory which has ignored the transnational world of Latin and Mediterranean popular culture and makes a powerful statement about the intersection of nationalism, sexuality, identity, and authenticity.

The Mythology of Dance Harry Eiss, 2013-09-18 The lights dim and soon the theatre becomes dark. The audience conversations end with a few softly dissipating whispers, and the movie begins. Nina Sayers, a young ballerina, dances the prologue to Tchaikovsky's Swan Lake, a ballet expressing a story drawn from Russian folk tales about a princess who has been turned into a White Swan and can only be turned back if a man swears eternal fidelity to her. However, this is not that ballet. This is the beginning of Black Swan, a controversial movie employing symbolism in a complex interweaving of dance and film to reveal the struggles and paradoxes of everything from a female rite of passage to questions about where artistic expression should demand self-sacrifice and whether such sacrifice is worth

the price The dance floor is the stage of life the place where physical actions take on the symbolic meanings of mythology and express the deepest archetypes of the human mind This book explores how dance gives shape to those human needs and how it reflects and even creates the maps of meaning and value that structure our lives Though the volume looks at all the forms of dance it focuses on three main categories in particular religious social and artistic Since the American Musical and subsequent Musical Videos have both reflected and influenced our current world they receive the most space such acclaimed performers as Fred Astaire Gene Kelly Judy Garland Ricky Nelson Elvis Presley and Michael Jackson such important composers and lyrists as Gershwin Rodgers and Hammerstein Porter Berlin Webber Bernstein the Beatles and the Who and such choreographers as Graham Balanchine Robbins and Fosse are examined in particular detail **For the Sake of a**
