**The Industrialisation of Soviet Russia Volume 6: The Years of Progress** R. Davies,2014-07-09 Based on extensive research in formerly secret archives this volume examines the progress of Soviet industrialisation against the background of the rising threat of aggression from Germany Japan and Italy and the consolidation of Stalin's power *The Invention of Terrorism in Europe, Russia, and the United States* Carola Dietze,2021-07-27 Terrorism's roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napol on III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods *Countering Urban Terrorism in Russia and the United States* Russian Academy of Sciences,National Research Council,Policy and Global Affairs,Development, Security, and Cooperation,Office for Central Europe and Eurasia,Committee on Counterterrorism Challenges for Russia and the United States,2006-12-01 In January February 2005 the National Academies Committee on Counterterrorism Challenges for Russia and the United States and the Russian Academy of Sciences Standing Committee on Counterterrorism held a workshop on urban terrorism in Washington D C Prior to the workshop three working groups convened to focus on the topics of energy systems vulnerabilities transportation systems vulnerabilities and cyberterrorism issues The working groups met with local experts and first responders prepared reports and presented their findings at the workshop Other workshop papers focused on various organizations integrated response to acts of urban terrorism recent acts of terrorism radiological terrorism biological terrorism cyberterrorism and the roots of terrorism Problems of Communism ,1954 **Terror and Progress--USSR** Barrington Moore,1954 **International Security Studies** Volume 4 Number 2 Winter 2018 TAO Jian,2018-12-01 2018 2 2018 **Terror and Progress USSR** Barrington Moore,1954 Global Threat of Terrorism Wang Yizhou,2016-01-31 The rise of terrorism has become a major factor in the destabilization of global structures since the end of the Cold War Large scale highly impactful terrorist attacks have occurred nearly every year and even every month since the

1990s Many countries regardless of their stability or volatility have been hit by this new wave of terrorist tactics The book analyses the underlying conflicts in the current international regime and argues that eliminating terrorism requires new security thoughts and strategies The book aims to deepen the current debates on international terrorism and inspire new thoughts It comprehensively includes leading Chinese scholars readings and interpretation on international terrorism

**USSR and Third World** ,1980    **Russia Telecom Industry Business Opportunities Handbook Volume 1 Strategic Information, Opportunities, Contacts** IBP USA,2013-08 2011 Updated Reprint Updated Annually Russia Telecommunication Industry Business Opportunities Handbook    *Agriculture and the State in Soviet and Post-Soviet Russia* Stephen Wegren,1998-07-16 This analysis of the social economic and political factors affecting contemporary Russian reform is organized around the central question of the role of the state and its effect on the course of Russian agrarian reform

**KGB** Peter Deriabin,Tennent H. Bagley,1990 Mikhail Gorbachev was hailed as the herald of a new era of international cooperation This uncompromising book argues that Gorbachev might not have been as revolutionary as we would like to believe The authors show how Soviet foreign policy in fact stemmed from the leaders struggle for internal power and therefore how the KGB's operations abroad were afforded the highest priority The true function of the organization was to keep the Party in power whatever the human cost It is estimated that while the population of the USSR only doubled between 1905 and 1990 the repressive apparatus of the KGB increased eightfold Whereas other books on the KGB emphasize its subversive role in foreign countries this book uniquely written from an insider's viewpoint focuses on its dominant role within the Soviet system In the most comprehensive and authoritative survey of the activities of the KGB to date the authors look back to its founding in 1917 and also put recent events in perspective Most importantly they provide sound guidelines by which Western observers can distinguish fundamental from superficial change Adapted from jacket    **Terror and Progress: USSR** Barrington Moore (Jr.),1954    *The Soviet System and Modern Society* George Fischer,Columbia
