Tessas Child:

Tessa's Child Dallas Schulze,1997-02-22 Tessa's Child by Dallas Schulze released on Feb 22 1997 is available now for purchase Adultery and the Female Star Edward Gallafent,2018-05-24 This book provides an in depth study of Bette Davis Joan Fontaine Kim Novak and Meryl Streep and the treatment of adultery in their films It avoids the near impossible challenge of writing about the sheer volume of adultery in film by focusing on specific periods in the work of these four major Hollywood actresses who have each performed roles that share some features but also contain points of difference The periods discussed cover Davis's work in 1937 to 1943 Fontaine's work between 1939 and 1950 Novak in 1954 to 1964 and finally Streep's work between 1979 and 1985 Closely analysing both established classics and lesser known films Edward Gallafent explores the work of a broad range of directors including Alfred Hitchcock Max Ophls Sydney Pollack and Billy Wilder Adultery and the Female Star explores topics such as motherhood the significance of place censorship and adaptation and is the first book of its kind to take on the topic of adultery in relation to these four actresses It ultimately argues that our understanding of the adultery narrative is tightly bound up with our understanding of the Hollywood stars that depict it

Worth Dying For Beverly Barton,2012-09-17 Security agent Dante Moran can't afford the luxury of love in his line of work emotions can get you killed Besides he's never recovered from the pain of losing his high school sweetheart to a serial rapist and killer As far as Dante is concerned his heart died the day her body was discovered But when he's hired to find Tessa Westbrook's missing daughter Dante is shocked to feel his long buried emotions rise to the surface Tessa stirs something in him that he hasn't felt since he was a kid something that makes him think she could become more than a client But Tessa's past is full of secrets and with a killer still on the loose Dante must decide if she's worth dying for Inescapable Desires Christopher Rivers,2024-11-14 No one knows what to do about the mayhem and violence that has spread across the world Human beings are being killed every day at an alarming rate Each year we lose more of our fragile ecosystem as corporations of the world suck the planet dry of its natural resources without any consequences to the damage they are doing to our planet The human race has lost itself in search of its individualistic lifestyle while losing the cohesion of being a family unit The only way the world could reform itself was if another power greater than mankind forced them into change When a young woman is found raped and beaten to death at a backcountry shelter in Maine Kelly knew it was time for that change Kelly and his family were not normal human beings They were in fact the next step in human evolution The family was willing to risk their lives and the lives of everyone on the planet to force mankind to change their wild behavior Your thinking is everything It's who you are and most importantly it reflects on how you behave The entire world's population needed to change their thinking process The only problem is that mankind doesn't know how No one was aware that the Winston family or the organization they belonged to existed And when the federal government learns about them they won't know what to do with them But if the governments of the world really understood who the Winstons were They wouldn't take the chance of

shooting them bombing them might work or better yet nuke the family instead The Winston s were all about change The family was ready to show the United States government and world powers they didn t have any other options Ready to force everyone on the planet to change their destructive behavior The group of five men and seven women were not taking no for an answer The fate of mankind hangs on the knowledge the family alone has The Winstons don t want to hurt anyone in the process of redeeming the world However they were ready to murder millions of lives to live in a utopia like world
