## **The Mystery Of Buddha:**

*The key to the Mystery of Buddha lies in the clear apperception of the constitution of man* Helena Petrovna Blavatsky 2020-08-30 The key to the Mystery of Buddha and that of other Adepts lies in the correct understanding of the reflections in man of the Seven Principles or Powers in Nature physically and of the Seven Hierarchies of Being intellectually and spiritually The Seven Principles are the manifestation of One Indivisible Spirit but only at the end of the Manvantara when the seven merge once again into Absolute Unity uncreated and impartite The purified Egotistical Principle the astral and personal ego of an Adept though merging with its Highest Ego Atma Buddhi may for purposes of universal mercy and benevolence separate itself from its divine Monad as to lead on this plane of illusion and temporary being a distinct independent conscious life of its own under a borrowed illusive shape thus serving at one and the same time a double purpose the exhaustion of its own individual Karma and the saving of millions of human beings less favoured than itself from the effects of mental blindness Disembodied consciousness is not an effect but a cause Such consciousness is a ray of the all pervading limitless Flame the reflections of which alone can differentiate And as such consciousness is ubiquitous it can be neither localized nor centred on any particular subject Its effects alone are felt in the region of matter but consciousness in itself remains the highest quality of the sentient spiritual principle within the Divine Soul and does not belong to the plane of materiality After the death of the physical man if he be an Initiate his human consciousness is transformed into the independent Principle itself and therefore the former personal ego becomes pure and impersonal consciousness untainted by any ego The Bodhisattva becomes a Buddha Enlightened and a Nirvani through personal effort and merit after having had to undergo all the hardships of every other neophyte not by virtue of a divine birth as thought by some It was only the reaching of Nirvana while still living in the body on this earth that was due to his having been in previous births high on the Path of Inner Wisdom Once a man delivers himself from the snare of separateness merging his self in the Universal Self spiritual powers hitherto dormant in him are awakened mysteries in invisible Nature are unveiled to him and he becomes a Dhyani Buddha divine Flame and free Will in man Then as a Dhyani Buddha himself he can create mind born Bodhisattvas Twenty years after His outward death Tathagata in His immense love and mercy for erring and ignorant humanity refused Parinirvana in order that He might continue to help men on earth Vajrasattva is the regent or chief of the Dhyani Chohans or Dhyani Buddhas the Supreme Buddha personal yet never manifesting objectively He is the One without Beginning or End in short the Logos of Buddhism Vajrasattva is also Vajradhara or Dorjechang The two are one and over them is the Supreme Unmanifested and Universal Wisdom that has no name As two in one They are the Power that subdues and conquers evil from the beginning allowing it to reign only over willing subjects on earth and having no power over those who despise and hate it This dual personage has the same role assigned to it in canonical and dogmatic Tibetan Buddhism as have Jehovah and the Archangel Mikael the Metatron of the Jewish Kabbalists which is an absurdity The Roman Catholics identify Christ

with Mikael who is also his ferouer or face mystically This is precisely the position of Vajrasattva in Northern Buddhism For the latter in His Higher Ego as Dorjechang is never manifested except to the seven Dhyani Chohans the primeval Builders Esoterically He is the Spirit of the Seven collectively and Their highest principle or Atman Metatron is the Greek Messenger or Great Teacher Mikael fights Satan the Dragon and conquers him and his Angels The War in Heaven of the Christian legend is based upon bad angels having discovered the magical wisdom of the good ones and the mystery of the Tree of Life Let anyone read simply the exoteric accounts in the Hindu and Buddhist Pantheons the latter version being taken from the former and he will find both resting on the same primeval archaic allegory from the Secret Doctrine At whatever age one puts off his outward body by free will at precisely that age will he be made to die a violent death against his will in his next rebirth Who then was punished by Karma Karma cannot act unjustly There is some terrible mystery involved in this story one that no uninitiated intellect can ever unravel Shankaracharya died at thirty two years of age or rather disappeared from the sight of his disciples as the legend goes All is darkness and mystery in it for it is evidently written but for those who are already instructed Lord Buddha lived one hundred years in reality though having reached Nirvana in his eightieth year he was regarded as one dead to the world of the living It is not lawful to say any more for the time has not yet come when nations are prepared to hear the whole truth It will be sufficient to know that while Gautama Buddha remains merged in Nirvana ever since his death Gautama Shakyamuni may have had to reincarnate His dual inner personality being one of the greatest mysteries of Esoteric psychism Karma exercises its sway over the Adept as much as over any other man Gods can escape it as little as simple mortals Karma is absolute justice and infallible in its selections Thus Buddha s first reincarnation was produced by Karma and it led Him higher than ever the two following were out of pity and
