## **The National Government 1931 40 British Studies:**

*Democratisation in Britain* John Garrard, 2017-05-01 Democratisation in Britain is a novel reinterpretation of British social and political history since 1800 in light of the continuing debate about democratisation. As such, the book goes far beyond standard histories of political reform. In common with the politics in Northern Europe, North America and Australasia, Britain's democratisation began early and in highly favourable circumstances. The process took place in stages, only half consciously and in the context of a generally benign economic cycle. The country possessed a vibrant civil society at most levels of its adult population along with a flexible, competitive and opportunistic set of political elites. Partly as a result, the popular expectations and demands released by democratisation were modest and untroublesome. Countries undergoing democratisation since 1918 have been far less fortunate and the process is thereby much more difficult. Thus, this book may be seen as portraying an ideal type against which to compare and contrast these later experiences. Democratisation in Britain combines the disciplines of political science and history and will be of interest to scholars and students in both fields. **The**

**British Economy in the Twentieth Century** Alan Booth, 2017-03-14 It is commonplace to assume that the twentieth century British economy has failed, falling from the world's richest industrial country in 1900 to one of the poorest nations of Western Europe in 2000. Manufacturing is inevitably the centre of this failure. British industrial managers cannot organise the proverbial knees up in a brewery; British workers are idle and greedy; its financial system is uniquely geared to the short-term interests of the City rather than of manufacturing; its economic policies are perverse for industry and its culture is fundamentally anti-industrial. There is a grain of truth in each of these statements but only a grain. In this book, Alan Booth notes that Britain's living standards have definitely been overtaken but evidence that Britain has fallen continuously further and further behind its major competitors is thin indeed. Although British manufacturing has been much criticised, it has performed comparatively better than the service sector. *The British Economy in the Twentieth Century* combines narrative with a conceptual and analytic approach to review British economic performance during the twentieth century in a controlled comparative framework. It looks at key themes including economic growth and welfare, the working of the labour market and the performance of entrepreneurs and managers. Alan Booth argues that a careful, balanced assessment which must embrace the whole century rather than simply the post-war years does not support the loud and persistent case for systematic failure in British management, labour, institutions, culture and economic policy. Relative decline has been much more modest, patchy and inevitable than commonly believed. **Britain since 1939** David Childs, 2001-12-05 In this thoroughly revised 2nd edition, David Childs gives a detailed account of political, social and economic developments since 1919, including the impact of the Second World War. Britain's often neglected last days as an Empire—India, Palestine, Kenya, Cyprus and elsewhere—are covered, necessary background for an understanding of Britain today. The decline of the Conservatives and the Blair experience are also covered at length, and a sketch of Ireland from the Free State to today's prosperous Republic is included.

Biographical materials and interviews enliven the text. Mention is made of the discussion on decline at various points in British history but Childs concludes that although Britain faces very serious problems its people are better off than ever before in terms of prosperity and personal freedom. *The National Government, 1931-40* Nick Smart, 1999-06-30 The National Government that ran Britain during the 1930s has always received a very bad press. Its ultimate disgrace over the Munich crisis and the catastrophic opening phase of the Second World War sealed the fate of an experiment which had always been criticized by both Left and right and which has since made any further peacetime attempts at coalition government utterly disreputable. While not claiming that it was a success Dr Smart argues however that the National Government has been woefully misunderstood by historians who have allowed themselves to be too influenced by its much despised collapse. The Government's longevity, popularity at the polls and in many ways successful planning for World War II should not be ignored.

**Britain and America Since Independence** Howard R Temperley, 2017-03-14 When the War of Independence ended in 1783 many doubted the ability of Americans to build a nation. Today the United States occupies a position comparable to that of Britain at the zenith of its power. Britain and America since Independence deals with Anglo-American relations in the widest sense. It shows how the transfer of hegemony from the British Empire to the United States affected the way Britons and Americans viewed one another and its effect on the evolving social, economic and political connections between the two countries. In spite of political separation, geographical distance and intermittent periods of hostility the British have never regarded Americans as foreigners. Americans in turn have looked to Britain as the source of their language and culture. Nevertheless as Howard Temperley shows in this far ranging study of the two societies these affinities have often given rise to misunderstanding and confusion as in the current conflict between Britain's allegiance to the special relationship and America's belief that the future of Britain lies in Europe. [British Political Thought, 1500-1660](#) Glenn Burgess, 2009-04-20 Focusing on the interaction of religion and politics this is a comprehensive chronological survey of the political thought of post-Reformation Britain which examines the work of a wide range of thinkers.

**Britain's International Role, 1970-1991** Michael J Turner, 2010-10-06 How does one of the world's greatest powers preserve its status and influence when international conditions are unfavourable and its resources do not match its commitments? This was Britain's burden in the 1970s and 1980s when the international order was transformed. Much became unsettled and Britain had to adapt policy to suit new needs and opportunities. Michael J Turner elucidates the efforts that were made to maximise Britain's role on those matters and in those parts of the world that were of special importance to British strategy, prosperity and security. He examines key decisions and their consequences and places British policy making in an international context suggesting that British leaders were more successful in preserving power and prestige on the world stage than has sometimes been appreciated.

**Restoration and Revolution in Britain** Gary S. De Krey, 2017-09-16 Charles II was restored to the rule of England, Scotland and Ireland in 1660 less than twelve years after the execution of his

father Charles I and the ensuing republican experiment in government Popular at first the Restoration nevertheless failed to provide lasting settlement in any of the British kingdoms Restoration and Revolution in Britain examines the political history of these kingdoms from the Interregnum through Britain's eighteenth century rise to power Written especially for students approaching the Restoration for the first time this essential introduction Assesses the reasons for the failure of settlement in the reigns of Charles and of his brother James II Integrates the histories of Charles's different realms Examines the many connections between politics and Protestant religious disagreements Provides helpful historical context for understanding a range of contemporary authors such as Bunyan Locke and Milton Concludes with an examination of the Glorious Revolution of 1688-89 and explains why settlement was finally achieved through revolution rather than through restoration

*A History of the British Labour Party* Andrew Thorpe, 2017-09-16 After 13 years in power Labour suddenly returned to being the party of opposition in 2010 This new edition of *A History of the British Labour Party* brings us up to date examining Gordon Brown's period in office and the Labour Party under the leadership of Ed Miliband Andrew Thorpe's study has been the leading single volume text on the Labour Party since its first edition in 1997 and has now been thoroughly revised throughout to include new approaches This new edition Covers the entirety of the party's history from 1900 to 2014 Examines the reasons for the party's formation and its aims Analyses the party's successes and failures including its rise to second party status and remarkable recovery from its problems in the 1980s Discusses the main events and personalities of the Labour Party such as MacDonald Attlee Wilson Blair and Brown With his approachable style and authoritative manner Thorpe has created essential reading for students of political history and anyone wishing to familiarise themselves with the history and development of one of Britain's major political parties

*Sport and Politics in Modern Britain* Kevin Jefferys, 2012-06-25 Sport has a huge social and cultural significance in contemporary Britain This insightful study provides the first exploration of the causes and consequences of the increased interaction between sport and the state since 1945 Kevin Jefferys sets policy towards sport within the evolving socio-political context of post-war Britain and balances an appreciation of continuity and change from the austerity Games of 1948 through to the multi-billion pound extravaganza of the London 2012 Olympics Ideal for students historians social scientists and sport enthusiasts alike *Sport and Politics in Modern Britain* provides the fullest assessment yet of this important topic bringing sport sharply into focus as a contested domain in public and political debate

**The British National Bibliography** Arthur James Wells, 2000 *Parliamentary History*, 2004 *Historical Research for University Degrees in the United Kingdom* University of London. Institute of Historical Research, 1979 *A History of the British Labour Party, Third Edition* Andrew Thorpe, 2008-03-15 Thorpe's history of the Labour Party has now been updated to offer a detailed analysis of Tony Blair's thirteen year leadership and includes the story of Gordon Brown's appointment as PM

*Bulletin of the Institute for Historical Research Theses Supplement* University of London. Institute of Historical Research, 1977 *Historical Abstracts*, 2000 *American Book*

Publishing Record ,1999      **International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,2000      **Britain** Terence Andrew Jenkins,2001 This concise guide to British history not only summarizes the colorful past of a tiny yet powerful country but also explains how the British developed their unique identity and what the future could hold for this island nation      **British Government and Politics Since 1945** Frederick F. Ridley,Frederick Fernand Ridley,Michael Rush,1995 Since 1945 Britain has moved from a Cabinet to a Prime Ministerial style of government and from confrontational to consensual politics and back again This volume surveys the state of British politics over the last fifty years and charts the changes in the central features of the British system of government and the types of individuals who become politicians
