## **The New Country:**

**The New Country** Dean Keyworth, 2023-01-04 Your client has decided to move out of the city to a country property. But they want to create a stylish urban home in their new rural idyll. As a designer it can seem difficult to recreate a metropolitan style while working within the more confined parameters of the country. This book shows you how to create a sophisticated scheme while also understanding the practicalities of designing for rural living. This practical and attractive design guide including inspirational case studies gives a fresh perspective on designing for country homes explaining how to integrate contemporary style while engaging with current concerns such as how to design for sustainable building and wellbeing. Individual chapters cover various key rooms around the house with design ideas and practical tips to make them both comfortable and workable as well as beautiful spaces. The design element of this book explores materials and finishes as well as styling that stand up to country life the importance of using local materials and crafts people where possible and being aware of the architecture of the house and how it fits with the rural context. Case studies from a variety of exciting interior designers illustrate how following practical guidelines need not result in an uninspiring interior but can result in an eclectic contemporary finish.

Learning to live in a new Country - everyday social integration: Civil society and integration - Nordic rural perspective Karlsdóttir, Anna, Sigurjónsdóttir, Hjörðís Rut, Heleniak, Timothy, Cuadrado, Alex, 2020-06-16 Online publication <https://pub.norden.org/nord2020/036> Abstract en In this paper we focus on three of the main ways civil society can play a role in the integration of refugees and immigrants. The leading question we seek to answer is as follows: Are the ways in which civil society engages different in rural areas and in smaller communities around the Nordic Region as compared with urban areas and large cities? We use evidence from interviews and transcripts with migration workers as our starting point. We then focus on the role of a religious communities and aid organisations b sport organisations and clubs c pop up activism and mentorship programmes from available literature and from Nordic seminars and dialogue. We will also focus on partnerships and forms of coordination between civil society organisations municipalities and regions.
